CUTTINGS AND YOUNG PLANTS

Savanna flowers is a reliable supplier for cuttings and young plants . We have a wide range of species that we grow at our farm in Africa located close to the equator at Lake Naivasha at an altitude of 1,900m.This Catalogue show cases All Our Products.

Achillea millefolium Appleblossom

- **Compact habit with soft pink flower clusters**
- **Fine, aromatic gray-green foliage**
- **Height: ~50–60 cm | Spread: ~40–50 cm**

Achillea millefolium Color Burst Pink

- **Compact habit with bright pink flower clusters**
- **Fine, aromatic gray-green foliage**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Achillea millefolium Color Burst Red

- **Compact habit with vivid red flower clusters**
- **Fine, aromatic gray-green foliage**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Achillea millefolium Paprika

- **Upright habit with rich red blooms and yellow centers**
- **Fine, aromatic gray-green foliage**
- **Height: ~60–70 cm | Spread: ~45–60 cm**

Achillea millefolium Terracotta

- **Upright habit with salmon-orange blooms fading to yellow**
- **Fine, silvery gray-green foliage**
- **Height: ~75–90 cm | Spread: ~50–60 cm**

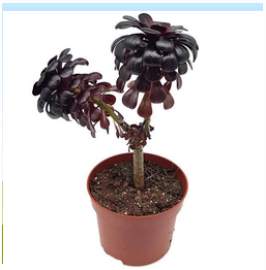

Acorus gramineus Argenteovariegatus

- **Neat, clump-forming habit with green and creamy-white striped leaves**
- **Fine, arching foliage stays attractive year-round**
- **Height: ~30 cm | Spread: ~30–45 cm**

Acorus gramineus Ogon

- **Low, clump-forming habit with golden-yellow striped foliage**
- **Narrow, arching leaves with a fresh, grass-like texture**
- **Height: ~15–30 cm | Spread: ~25–30 cm**

Aeonium arboreum Arboreum Nigrum

- **Upright succulent with dark purple-black rosettes**
- **Glossy, fleshy leaves deepen in strong light**
- **Height: ~60–90 cm | Spread: ~30–60 cm**

Agastache rugosa Crazy Fortune

- **Upright, clump-forming perennial with dense purple-violet flower spikes**
- **Aromatic, green, toothed leaves with a minty/anise-like fragrance**
- **Height: ~60–90 cm | Spread: ~30–45 cm**

Agastache rugosa mexicana Red Fortune

- **Upright habit with deep red-pink flower spikes**
- **Aromatic, dark green foliage**
- **Height: ~70–90 cm | Spread: ~40–50 cm**

Agastache rugosa
Blue Boa

- **Color:Blue**
- **Leaf Color:Green**
- **Growth Habit:Upright Clumping**
- **Blooming Time June-september**
- **Growth rate Fast**

Agastache rugosa
Kudos Ambrosia

- **Colour :Orange, Pink**
- **Leaf Color:Green**
- **Growth Habit:Upright Mounding**
- **Blooming Time June-september**
- **Growth rate Fast**

Agastache rugosa
Kudos Mandarin

- **Color:Orange**
- **Leaf Color:Green**
- **Growth Habit:Upright Mounding**
- **Blooming Time June-september**
- **Growth rate Fast**

Agastache rugosa
Kudos Red

- **Color:Red**
- **Leaf Color:Green**
- **Growth Habit:Upright**
- **Blooming Time June-september**
- **Growth rate Fast**

Agastache rugosa
Kudos Coral

- **Color:Creamy –Pink spikes**
- **Foliage color:Light Green Aromatic**
- **Showy flower spikes licorice-scented foliage**
- **Blloming Time: ,mid, fall summer**

Ageratum houstonianum
PW Parc Majorelle

- **Compact, rounded habit with blue-violet fluffy blooms**
- **Soft, green foliage with long-lasting flowering**
- **Height: ~30 cm | Spread: ~35 cm**

Agrostis hybriden
Green Twist

- **Fine-textured, lush green turfgrass with a dense, carpet-like appearance**
- **Grows via stolons, forming a smooth, uniform surface ideal for turf**

AJuga Reptans
Atropurpurea

- **Color:Deep Blue Flowers**
- **Leaf Color:shiny Ruby-red**
- **Bronze-purple foliage,**
- **low ground cover plant**
- **Growth rate Fast**

AJuga Reptans
Black Scallop

- **Color:Blue flower spikes**
- **Black foliage**
- **Growth Habit:Upright and wavy**
- **Blooming Time: Late spring to early summer**
- **Evergreen**

AJuga Reptans
Burgundy Glow

- **Blue Flower spikes**
- **Leaf Color: bright mixture of pink, cream and green Leaves**
- **Blooming Time:Late spring to early summer**
- **Earliness Medium**

AJuga Reptans
Catlin´s Giant

- **Color: Blueupright spikes**
- **Leaf Color: large, glossy, bronze-purple leaves**
- **good groundcover**
- **Earliness: Medium**
- **Growth rate Fast**

AJuga Reptans
Chocolate Chip

- **Miniature, narrow leaves in rich chocolate-brown to deep green tones**
- **Produces spikes of blue-violet flowers in spring to early summer**
- **Forms a dense, low-growing groundcover that suppresses weeds**

AJuga Reptans
Princess Elsa

- **Green-silvery blue foliage**
- **Attracts bees and butterflies**
- **Compact groundcover**
- **Long garden interest**

AJuga Reptans
Princess Nadia

- **Eye-catching variegated foliage with cream, pink, and green tones**
- **New growth emerges bright pink, fading to soft green with cream margins**
- **Grows well in part shade to full sun, preferring moist, well-drained soil**

AJuga Reptans
Rainbow

- **Color: Blue**
- **Foliage color: Tricolor(Bronze,Green& Blue)**
- **Earliness Medium**
- **Growth**
- **Habit:spreading**

Ajanja pacifica
Silver n Gold

- **Silver-green foliage**
- **Bright yellow button flowers**
- **Compact, mounded growth**
- **Hardy and low-maintenance**
- **Height: 30–60 cm (12–24 in)**
- **Spread: 30–60 cm (12–24 in)**

AJuga Reptans
TNN Sparkler

- **Variegated**
- **Tiny narrow,dark green leaves splashed with creamy white**
- **Semi-Evergreen**
- **Two-lipped,bright blue flowers**
- **Blooms in spring**

Ajuga reptans
Alba

-

Ajuga reptans
reptans

- **Low, spreading habit with glossy green foliage**
- **Upright spikes of deep blue flowers**
- **Height: ~10–15 cm | Spread: ~30–60 cm**

Alternanthera bettzickiana
Red Green

- **Color: white, pompom-shaped flowers**
- **Leaf Color; purplish-red leaves**
- **Growth Habit:Bushy and compact form**

Alternanthera bettzickiana
FanciFillers Choco Chilli

- **Bold, glossy foliage in rich burgundy and chocolate shades, touched with fiery red highlights**
- **Compact and mounding — perfect for containers, borders, and color contrast**

Alternanthera bettzickiana
Golden Green

- **Bright, lime to golden-green foliage provides a striking pop of color**
- **Compact, low-growing habit ideal for edging, groundcover, and mixed containers**

Alternanthera bettzickiana
Intensive Red

- **Vivid, deep red foliage with rich, saturated color that intensifies in full sun**
- **Compact, bushy growth ideal for borders, mass planting, and containers**

Argyranthemum frutescens
MNP Grandaisy Yellow

- **Upright, bushy perennial with large, bright yellow daisy-like flowers**
- **Dark green, finely divided foliage with a compact, branching growth habit**
- **Height: ~40–60 cm | Spread: ~40–60 cm**

Argyranthemum frutescens
TOP Sunny Memories (ARGY 21300)

- **Compact, bushy habit with bright yellow daisy-like flowers**
- **Fine, dark green, deeply divided foliage**
- **Height: ~30–40 cm | Spread: ~30–40 cm**

Aptenia cordifolia
Mezoo Trailing

- **Blooms with small, daisy-like red flowers from spring to fall**
- **Excellent for hanging baskets, containers, or groundcover**
- **Thrives in full sun to part shade; more flowering in brighter light**

Argyranthemum frutescens
Butterly

- **Compact, bushy habit with bright lemon-yellow daisy blooms**
- **Fine, dark green foliage with abundant flowering**
- **Height: ~60 cm | Spread: ~40–50cm**

Argyranthemum frutescens
MNP Grandaisy Ivory halo

- **Bright white coloured**
- **In the middle of the flower is Light yellow ring**
- **Blooms early**
- **Has a medium vigor**

Argyranthemum frutescens
MNP Grandaisy Pink

- **Super large flowers**
- **Early blooming**
- **Have striking colors**

Argyranthemum frutescens
MNP Grandaisy Ruby

- **Compact, bushy habit with rich ruby-red daisy blooms**
- **Fine, dark green, deeply divided foliage**
- **Height: ~40–50 cm | Spread: ~30–40 cm**

Argyranthemum frutescens MNP Grandaisy Yellow

- **Color:Yellow**
- **leaf Color: honey-gold-brown eyes.**

Argyranthemum frutescens MNP Grandaisy Yellow Sunshine

- **Large, bright golden-yellow daisy-like blooms with a bold central disc**
- **Compact, mounding habit with deep green foliage**
- **Blooms continuously from spring through autumn with minimal deadheading**

Argyranthemum frutescens Starlight Red

- **Striking deep red daisy blooms with a bold yellow eye and contrasting halo**
- **Large flowers and a bushy, upright habit make it a showstopper**

Argyranthemum frutescens WFL Beauty Yellow

- **Color:Yellow**
- **Growth Habit: Upright Mounding**

Argyranthemum frutescens MNP Grandaisy® Rose Sunshine

- **Large rose-pink daisy blooms**
- **Continuous flowering**
- **Strong, vigorous growth**
- **Excellent heat tolerance**
- **Height: 45–60 cm (18–24 in)**
- **Spread: 60–90 cm (24–36 in)**

Argyranthemum frutescens
ARG23003

- **Large rose-pink daisy blooms**
- **Continuous flowering**
- **Strong, vigorous growth**
- **Excellent heat tolerance**
- **Height: 45–60 cm (18–24 in)**
- **Spread: 60–90 cm (24–36 in)**

Armeria maritima
Dusseldorfer Stolz

- **Rosy-pink, globe-shaped flower clusters rise above tidy mounds of grassy foliage**
- **Compact and low-growing, ideal for rock gardens, borders, and edging**

Artemisia dracunculus
French Dragon

- **Color:Pale yellow flowers heads**
- **Leaf color: Decidious**
- **Easy to grow**
- **Growth habit; Clump-forming Erect**

Artemisia ludoviciana
Silver Queen

- **Elegant, silvery-white, lance-shaped foliage with a soft, velvety texture**
- **Grown primarily for foliage interest and contrast in mixed plantings**

Artemisia schmidtiana
Silver Mound=Nana

- **Color: Yellow nodding flowers heads**
- **Leaf color-Silvery White Leaves**
- **Blooming time:Mid/late summer**

Argyranthemum frutescens ARG23015

- **Compact, bushy habit with daisy-like blooms**
- **Fine, dark green, deeply divided foliage**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Armeria maritima Nifty Thrifty

- **Compact, tufted habit with pink flower clusters**
- **Narrow, variegated green-and-cream foliage**
- **Height: ~15–20 cm | Spread: ~20–30 cm**

Artemisia arborescens Powis Castle

- **Bushy, mounding habit with finely cut silver-gray foliage**
- **Aromatic foliage with a soft, feathery texture**
- **Height: ~60–90 cm | Spread: ~60–120 cm**

Artemisia arborescens Fancifillers Sea Salt

- **Compact, mounding habit with bright silver-white foliage**
- **Fine, feathery leaves with a soft texture**
- **Height: ~20–30 cm | Spread: ~30–45 cm**

Aspilia mossambicensis TOP Solero

- **Compact, spreading habit with bright golden-yellow daisy flowers**
- **Dark green, slightly hairy foliage**
- **Height: ~30–50 cm | Spread: ~40–60 cm**

Asteriscus maritimus
TOP Asteyrix Early

- **Color: Yellow flowers**
- **Leaf Color:Green leaves**
- **Growth habit.Compact and well branched**

Asteriscus maritimus
TOP Asteyrix Gold

- **Color: Yellow flowers**
- **leaf Color:Green leaves**
- **Growth habit.Compact and well branched**

Bidens ferulifolia
TOP Smile Compact

- **Bright golden-yellow flowers with a classic daisy form and excellent flower coverage**
- **Compact, bushy habit ideal for containers, hanging baskets, and front-of-border plantings**

Bidens ferulifolia
TOP Smile Dark Red

- **Deep, velvety red daisy-like flowers with intense color and great contrast**
- **Compact and well-branched habit, perfect for containers, window boxes, and bedding**

Bidens ferulifolia
TOP Smile Yellow

- **Flower Color: Bright, cheerful golden-yellow daisy flowers**
- **Foliage: Delicate, finely dissected, deep green leaves that stay attractive year-round**

Brachyscome ibedifloria

MNP Surdaisy Mauve Blue

- **Masses of soft mauve-blue daisy-like flowers with yellow centers**
- **Compact, mounding habit with fine, ferny green foliage**
- **Blooms profusely from early spring to late autum**

Brachyscome angustifolia

MNP Surdaisy Strawberry Pink

- **Color: Pink**
- **Leaf color: Dark leaves**
- **Growth habit.Compact**
- **Blooming time: Spring -fall**

Brachyscome ibedifloria

MNP Surdaisy White Imp.

- **Color: White**
- **leaf Color: Dark-Green leaves**
- **Growth habit.Compact**
- **Blooming time: Spring -fall**

Bracteantha xerochrysum

WFL Cottage Orange

- **Compact, upright plant with bright orange, papery daisy-like flower heads**
- **Narrow, green foliage with a slightly silvery appearance and excellent heat tolerance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Bracteantha xerochrysum

WFL Cottage Rose

- **Compact, upright plant with soft rose-pink, papery daisy-like flower heads**
- **Narrow, green foliage with a slightly silvery appearance and excellent heat tolerance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

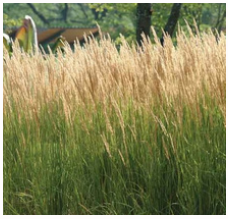

Bracteantha xerochrysum WFL Cottage Yellow

- **Compact, upright plant with bright yellow, papery daisy-like flower heads**
- **Narrow, green foliage with a slightly silvery appearance and excellent heat tolerance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Brugmansia suaveolens Snow Bank

- **Large, upright shrub with spectacular long, pendulous white trumpet-shaped flowers**
- **Large, soft green, slightly velvety leaves with a lush tropical appearance**
- **Height: ~2–4 m | Spread: ~1.5–3 m**

Calamagrostis acutiflora Karl Foerster

- **Pinkish-Purple feathery plumes**
- **Compact tufted ornamental grass**
- **Season: Summer**

Calamagrostis acutiflora Overdam

- **Pinkish-Purple feathery plumes which mature to gray fumes**
- **Creamy-white leaves**
- **Compact tufted ornamental grass**
- **Season: Summer**

Calibrachoa hybrida WFL Calitastic Bright Red

- **Compact, trailing plant with bright red, petunia-like flowers**
- **Small green foliage with abundant, long-lasting blooms**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida WFL Calitastic Butter

- **Compact, trailing plant with soft buttery-yellow, petunia-like flowers**
- **Small green foliage with abundant, long-lasting blooms**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Calitastic Cappucino

- **Compact, trailing plant with cream flowers and warm brown markings**
- **Small green foliage with abundant, long-lasting blooms**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Calitastic Violaceous

- **Compact, trailing plant with vibrant violet-purple, petunia-like flowers**
- **Small green foliage with abundant, long-lasting blooms**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Candy Shop Fancy Berry

- **Compact, trailing plant with berry-pink flowers and darker centres**
- **Small green foliage with abundant, long-lasting blooms**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Candy Shop Grape Splash

- **Compact, trailing plant with purple flowers and bright pink splashes**
- **Small green foliage with abundant, long-lasting blooms**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Chameleon Atomic Orange

- **Compact, trailing plant with vibrant orange, petunia-like flowers**
- **Colour-changing blooms with warm yellow-orange tones**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Chameleon Blackberry Pie

- **Compact, trailing plant with deep purple flowers and dark centres**
- **Colour-changing blooms with rich berry-purple tones**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Chameleon Blueberry Scone

- **Compact, trailing plant with violet-blue flowers and dark centres**
- **Colour-changing blooms with soft blue and purple tones**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calibrachoa hybrida
WFL Chameleon Tart Deco

- **Compact, trailing plant with peach-orange flowers and darker centres**
- **Colour-changing blooms with warm pink, orange and yellow tones**
- **Height: ~15–25 cm | Spread: ~30–50 cm**

Calocephalus brownii
Brownii

- **Compact, rounded shrub with silvery-white, branching foliage**
- **Fine, wiry stems create a soft, coral-like appearance**
- **Height: ~30–60 cm | Spread: ~30–60 cm**

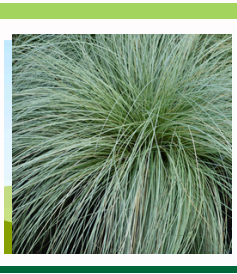

Carex Morrowii
Blue Zinger

- **Clump-forming grass with arching blue-green leaves**
- **Fine, glossy foliage with a silvery-blue appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Carex Morrowii
brunnea Aureovariegata

- **Evergreen clumping sedge with upright, arching leaves edged in creamy-yellow to gold**
- **Forms neat mounds about 35–40 cm tall and 30–40 cm wide**
- **Produces small, pale-yellow/cream flower spikes in mid-summer (July–August)**

Carex Morrowii
Comans Frosted Curls

- **Evergreen, clump-forming sedge with slender, silvery-green foliage that curls at the tips.**
- **Forms fountain-like tufts ~20–40 cm (8–16 in) tall and 30–45 cm (12–18 in) wide**
- **Flowers are small, green-brown spikes in late spring to early summer (not ornamental)**

Carex Morrowii
Evergold

- **Evergreen, clumping sedge with narrow, arching leaves variegated in creamy-yellow centers and dark green margins**
- **Forms neat mounds ~25–30 cm tall and 30–45 cm wide**
- **Produces small, insignificant pale-brown flower spikes in spring (mainly grown for its foliage)**

Carex Morrowii
Gold Band

- **Evergreen, clump-forming sedge with rich green leaves edged in creamy-gold to white**
- **Grows about 30–40 cm tall and spreads to 45–60 cm wide (typically 10–12″ × 18–24″)**

Carex Morrowii
Ice Dance

- **Evergreen, clump-forming sedge with dark-green leaves edged in creamy white**
- **Forms arching, tufted mounds about 9–12 in tall and spreads 12–18 in wide**
- **Small, brown flower spikes appear in late spring—but primarily valued for foliage**

Carex Morrowii
Lax. Bunny Blue

- **Semi-evergreen/evergreen, forming neat clumps of striking silvery–blue foliage**
- **Grows 6–12 in (15–30 cm) tall, spreading 12–18 in (30–45 cm); slower spread via rhizomes**

Carex Morrowii
Irish Green

- **Evergreen, dense, clump-forming sedge with glossy bright-green foliage**
- **Reaches approximately 30–45 cm tall and 30–50 cm wide**
- **Produces small, pale greenish-brown flower spikes in mid-summer, nestled within the leaves**

Carex Morrowii
Vanilla Ice

- **Evergreen, clump-forming sedge with glossy green leaves edged in creamy-yellow**
- **Grows about 30–45 cm tall and spreads 30–40 cm wide**
- **Produces small, pale flower spikes (cream/greenish-white) in late spring to early summer**

Carex Morrowii
White Dragon

- **Compact, clump-forming ornamental grass with striking arching green-and-white striped foliage**
- **Narrow, glossy leaves with broad creamy-white margins creating a bright variegated effect**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Catharanthus Roseus
Soiriee Frosty White

- **Compact, bushy plant with crisp white, five-petalled flowers**
- **Glossy green foliage with abundant, heat-tolerant blooms**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

Catharanthus Roseus
Soiree Berry Twist

- **Compact, bushy plant with vibrant berry-pink and white flowers**
- **Glossy green foliage with abundant, heat-tolerant blooms**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

Catharanthus Roseus
Soiree Berry Twist

- **Compact, bushy plant with bright berry-pink and white blooms**
- **Glossy green foliage with abundant, heat-tolerant flowers**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

Catharanthus Roseus
Soiree Bubble Joy

- **Compact, bushy plant with bright pink, five-petalled flowers**
- **Glossy green foliage with abundant, heat-tolerant blooms**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

Catharanthus Roseus
Soiree Cherise Red

- **Compact, bushy plant with vivid cherry-red, five-petalled flowers**
- **Glossy green foliage with abundant, heat-tolerant blooms**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

Centaurea hybrida
Snowy Owl

- **Evergreen annual (or perennial in zones 9–11) forming a cushioned mound ~45 cm tall and wide (~18″)**
- **Velvety, silvery-white to gray-green leaves create striking contrast in borders and containers**

Centaurea hybrida
Plumbaginoides

- **Glossy oval green leaves all summer, turning burgundy/red in autumn**
- **Clusters of vivid gentian-blue, phlox-like flowers bloom mid-summer into fall (July–September/October)**

Chrysanthemum spp.
Prelude Pink

- **Compact, bushy plant with soft pink, daisy-like flowers**
- **Dark green, deeply lobed foliage with abundant blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Chrysanthemum spp.
Xanthe Light Bronze

- **Compact, bushy plant with warm light-bronze, daisy-like flowers**
- **Dark green, deeply lobed foliage with abundant blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Chrysanthemum spp.
Prelude apricot

- **Color: Pale Bronze**
- **Lobed leaves and flower heads**
- **leaf Color:Green Leaves**
- **Growth habit.Bushy**
- **Blooming time:Late Summer to – late autumn**

Chrysanthemum spp.
Prelude autumn bronze

- **Color: BronzeRed**
- **Lobed leaves and flower heads**
- **leaf Color:Dark Green Leaves**
- **Growth habit.Compact**
- **Blooming time:Late Summer to – late autumn**

Chrysanthemum spp.
Prelude dark red

- **Deep burgundy-red, densely double blooms (2–4 in / 5–10 cm across), perfect for cutting or front-of-bed display.**
- **Bloom time: Midsummer to fall (August–October), offering vibrant autumn color**

Chrysanthemum spp.
Prelude Popcorn

- **Asteraceae family.**
- **Erect woody-based perennial with aromatic.**
- **Pinnately lobed leaves and flowerheads of diverse form.**
- **Creamy-yellow blooms in late summer and early autumn.**

Chrysanthemum spp.
Prelude rose pink

- **Compact.**
- **Rounded perennial with aromatic.**
- **Dark green foliage**
- **Flowerheads in shades of pink**

Chrysanthemum spp.
Prelude white

- **Color: White and yellow Centred**
- **leaf Color: Green Leaves**
- **Lobed leaves and flower heads**
- **Growth Habit.Compact**
- **Blooming time:Late Summer to –late autumn**

Chrysanthemum spp.
Prelude yellow jewel

- **Color: yellow**
- **leaf Color: Green Leaves**
- **Lobed leaves and flower heads**
- **Growth habit.Compact**
- **Blooming time: Late Summer to –late autumn**

Chrysanthemum spp.
Xanthe amber

- **Warm amber-bronze, semi-double to fully double blossoms**
- **Naturally early flowering—no growth regulators or pinching needed**

Chrysanthemum spp.
Xanthe Red Bronze

- **Compact, bushy plant with rich red-bronze, daisy-like flowers**
- **Dark green, deeply lobed foliage with abundant blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Chrysanthemum spp.
Xanthe Rose

- **Compact, bushy plant with soft rose-pink, daisy-like flowers**
- **Dark green, deeply lobed foliage with abundant blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Chrysanthemum spp.
Xanthe White Blush

- **Compact, bushy plant with white flowers softly flushed with blush-pink**
- **Dark green, deeply lobed foliage with abundant blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Chrysanthemum spp.
Xanthe White Single

- **Compact, bushy plant with crisp white, single daisy-like flowers**
- **Dark green, deeply lobed foliage with abundant blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coleus scutellarioides
Dipt in Wine

- **Upright, bushy plant with deep burgundy-red foliage**
- **Large, serrated leaves with darker wine-coloured centres**
- **Height: ~30–60 cm | Spread: ~30–45 cm**

Coleus scutellarioides
Oleo Lyra

- **Upright, bushy plant with vibrant, colourful foliage**
- **Large leaves with contrasting green, yellow and burgundy tones**
- **Height: ~40–60 cm | Spread: ~30–45 cm**

Convolvulus sabatius

Blue

- **Trailing plant with bright sky-blue, funnel-shaped flowers**
- **Small, silvery-green leaves with a spreading habit**
- **Height: ~10–20 cm | Spread: ~60–90 cm**

Coreopsis hybrida

Moonbeam

- **Compact, bushy perennial with pale yellow, daisy-like flowers**
- **Fine, thread-like green foliage with a light, airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coreopsis hybrida

Solar Fancy

- **Compact, bushy plant with bright yellow flowers and red-burgundy centres**
- **Fine, green, thread-like foliage with a delicate appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coreopsis hybrida

Solar Jewel

- **Compact, bushy plant with golden-yellow flowers and red centres**
- **Fine, green, thread-like foliage with an airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coreopsis hybrida

Solar Mellow

- **Compact, bushy plant with soft yellow, daisy-like flowers**
- **Fine, green, thread-like foliage with an airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coreopsis hybrida
Solar Moon

- **Compact, bushy plant with bright golden-yellow, daisy-like flowers**
- **Fine, green, thread-like foliage with an airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coreopsis hybrida
COR 2023 01

- **Bright daisy-like yellow blooms**
- **Long flowering, summer to autumn**
- **Compact, bushy growth habit**
- **Attracts bees and butterflies**

Coleus scutellarioides
Oleo Elliot

- **Fiery orange-bronze leaves with lime-green margins—dramatic contrast and bold impact**
- **Thrives in part shade to full sun; foliage tones deepen with brighter light**

Coleus scutellarioides
Oleo Raya

- **Fiery orange-bronze leaves with bright yellow-green margins—brings instant tropical flair**
- **Upright, mounded form reaching about 60–90 cm tall and 45–90 cm wide—great as a thriller or statement plant**

Coleus scutellarioides
Oleo Saphira

- **Deep orange-bronze leaves edged in bright yellow-green, offering a fiery and tropical visual impact**
- **Thrives from full sun to partial shade; foliage hues deepen in brighter light**

COLEUS SCUTELLARIOIDES
Oleo Sylder

- **Fiery orange-bronze leaves edged with bright yellow-green—extremely eye-catching**
- **Upright, shrubby habit reaching 60–90 cm tall and 45–90 cm wide—ideal as a "thriller" centerpiece in containers**

Coleus scutellarioides
Skeletal

- **Deep magenta to burgundy "fronds" intricately lobed like fishbones, edged with glowing lime-green margins**
- **Compact mound, about 25–35 cm tall and wide (10–14 in), perfect for containers or beds**

Coreopsis hybrida
Twinklebell Copper

- **Compact, bushy plant with warm copper-orange, daisy-like flowers**
- **Fine, green, thread-like foliage with an airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coreopsis hybrida
Twinklebell Pink

- **Compact, bushy plant with bright pink, daisy-like flowers**
- **Fine, green, thread-like foliage with an airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Coreopsis hybrida
Twinklebell Purple

- **Compact, bushy plant with vivid purple, daisy-like flowers**
- **Fine, green, thread-like foliage with an airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

COREOPSIS HYBRIDA
Twinklebell Sunrise

- **Compact, bushy plant with warm yellow-orange, daisy-like flowers**
- **Fine, green, thread-like foliage with an airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

Cosmos atrosanguineus
atrosanguineus

- **Color:Orange-Dark-Red**
- **Leaf color: Green**
- **Produces velvety, dark maroon to nearly black daisy-like flowers, about 3–4 cm wide.**

Cosmos atrosanguineus
Eclipse

- **Color:Orange-Dark-Red**
- **Leaf color: Green**
- **Features large (≈5 cm), broad-petaled blooms in a deep maroon-to-almost-black shade.**

Crassula hybrida
Cosima

- **Compact succulent with fleshy, rounded green leaves**
- **Dense, branching growth with reddish tones in strong light**
- **Height: ~15–30 cm | Spread: ~15–30 cm**

Crassula hybrida
Marneriana Hottentot Snake

- **Trailing succulent with stacked, fleshy green leaves**
- **Leaves develop red edges in bright light**
- **Height: ~10–20 cm | Spread: ~30–60 cm**

CRASSULA HYBRIDA

Aborescens

- Slow-growing, evergreen succulent shrub reaching 1–3 m tall (usually 30–120 cm when container-grown), with thick woody stems
- Opposite, round to oval (3–7 cm long), glaucous grey-green with powdery coating; edges often flush red under sun or stress

Crassula hybrida

Minor

- Compact, branching succulent shrub, typically 30–90 cm tall
- Fleshy, glossy, oval leaves ~2–3 cm long; leaves and margins turn deep red under strong sunlight

Crassula hybrida

Ovata

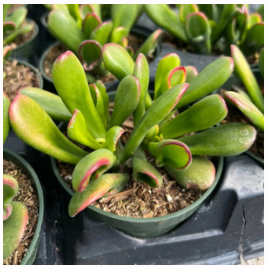

- Glossy, fleshy oval leaves
- Produces clusters of small, star-shaped white to pale pink blooms in winter or early spring
- Evergreen succulent shrub forming a small tree

Crassula hybrida

Ovata Gollum

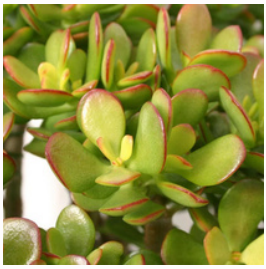

- Tubular, finger-like leaves with slightly flared tips (“Gollum” or “hobbit” ears) that may blush red in strong light
- Rare clusters of small star-shaped white or pale pink blooms in winter under proper conditions

Crassula hybrida

Ovata Horntree

- Upright horns or trumpet-shaped succulent leaves—thick, glossy, green, often with a red blush on sunny tips
- Develops a sturdy, woody trunk over time—great for bonsai style

CRASSULA HYBRIDA
Ovata Sunset

- **Glossy ovate leaves that shift from lime-green to golden-yellow with warm red-orange margins—intensifies in full sun**
- **Clusters of small star-shaped white to pale-pink blooms in fall through spring**

Crassula hybrida
Schmidtii

- **Each stem bears upright/ascending, slender shoots with closely spaced compact leaves**
- **Thick, lanceoloid to triangular leaves, green or grayish, often flushed with pink to red when in bright light or drought stress**

Coreopsis hybrida
COR 2023 02

- **Bright yellow daisy-like blooms**
- **Long, continuous flowering season**
- **Compact, bushy growth habit**
- **Attracts bees and butterflies**

Crocosmia
Gold Dragon

- **Upright perennial with bright golden-yellow, trumpet-shaped flowers**
- **Sword-like green foliage with an arching, graceful habit**
- **Height: ~60–90 cm | Spread: ~30–45 cm**

Crocosmia
Gold Dust

- **Upright perennial with bright golden-yellow, trumpet-shaped flowers**
- **Arching, sword-like green foliage with a graceful habit**
- **Height: ~60–90 cm | Spread: ~30–45 cm**

CUPHEA HYSSOPIFOLIA
Hyssopifolia pink

- **Has fine, fernlike foliage and a plethora of small blooms.**
- **Pink flowers**
- **Heat loving and very easy to grow.**

CUPHEA HYSSOPIFOLIA
Hyssopifolia White.

- **Evergreen perennial with tiny flowers.**
- **Bloom time; Summer-fall**
- **Bloom color; White.**
- **Height; 15 inches,width 24 inches**

CUPHEA HYSSOPIFOLIA
Corazon

- **Compact, bushy plant with small bright pink-purple flowers**
- **Fine, glossy green leaves with dense branching growth**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

CUPHEA HYSSOPIFOLIA
Diana

- **Compact, bushy plant with small white, tubular flowers**
- **Fine, glossy green foliage with dense branching growth**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

CUPHEA ILANVEA
Ilanvea Mice

- **Compact, bushy plant with small pink-purple, tubular flowers**
- **Glossy green foliage with dense, branching growth**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

CUPHEA HYSSOPIFOLIA
Hyssopifolia Lila-Violet

- **Compact, bushy plant with small lilac-violet flowers**
- **Fine, glossy green foliage with dense branching growth**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

DAHLIA VARIABILIS
Dreamy Fantasy

- **Compact, bushy plant with soft pink, daisy-like flowers**
- **Dark green, divided foliage with abundant blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

DAHLIA VARIABILIS
Dreamy Kiss

- **Compact, bushy plant with soft pink and white flowers**
- **Dark green, finely divided foliage**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

DAHLIA VARIABILIS
Dreamy Days

- **Color:Creamy -Orange**
- **leafColor: Dark-Green leaves**
- **Growth Habit :Upright**
- **Flowering time: may - october**

DAHLIA VARIABILIS
Dreamy Eyes

- **Color: Creamy -Orange**
- **leafColor: Dark-Green leaves**
- **Growth Habit: Upright**
- **Flowering time: May - October**

DAHLIA VARIABILIS

Dreamy Flames

- **Color: Red**
- **leafColor: Bronze-Green leaves**
- **Growth Habit: Upright**
- **Flowering time: May - october**

DAHLIA VARIABILIS

IDreamy Hot Chocolate

- **Dark, serrated foliage topped with single to semi-double flowers in rich chocolate-brown to red tones,**
- **flowering May–October**

DAHLIA VARIABILIS

Dreamy Morning

- **Color:Licac with purple hearts**
- **leafColor: Dark Green leaves**
- **Growth Habit :Upright**
- **Flowering time: may - october**

DAHLIA VARIABILIS

Dreamy Night

- **Color: Pink, purple**
- **leafColor: Bronze-Green leaves**
- **Growth Habit : Upright**
- **Flowering time: May - October**

DELOSPERMA CONGESTUM

TOP Power Ranger Magenta

- **Produces bright magenta blooms from late spring into autumn**
- **Evergreen in mild climates, with fleshy, succulent leaves that may turn purplish in cool weather .**

DELOSPERMA CONGESTUM
TOP Power Ranger Yellow

- **bold, pure yellow blooms set on low, dense mats of evergreen succulent leaves**
- **Succulent, bead-like leaves remain green, turning bronze or reddish in winter**

DELOSPERMA CONGESTUM
Dessert Dancer Purple

- **Striking magenta-purple daisies (with yellow centers) that appear abundantly from mid-spring to early autumn**
- **Forest-green, succulent leaves dotted with glistening "ice-crystals" on the surface. Exposed to sun, it often develops plum-purple flushing**

DELOSPERMA CONGESTUM
Dessert Dancer Red

- **Bright scarlet daisy-like blooms with yellow centers.**
- **Mounding, trailing habit with succulent foliage that turns purple-red in full sun.**
- **A captivating year-round display in well-drained rock gardens, containers, and hanging baskets.**

DELOSPERMA CONGESTUM
TOP Royal Ranger Neon.

- **Erect**
- **Height 15cm width 30cm.**
- **Suitable for half shade**
- **Needle-like leaves**

DELOSPERMA CONGESTUM
TOP Power Ranger White

- **Small, star-shaped pure white flowers**
- **Low-growing mat-forming succulent groundcover**
- **Evergreen, drought and heat tolerant**
- **Excellent for rock gardens & dry landscapes**

DELOSPERMA CONGESTUM
TOP Royal Ranger Red

- **Evergreen succulent**
- **Needle-like leaves.**
- **Erect plant**
- **Suitable for half shade**
- **Height 15cm, width 30cms**

DELOSPERMA CONGESTUM
TOP Royal Ranger white.

- **Erect**
- **Height 15cm width 30cm.**
- **Suitable for half shade**
- **White flowers**
- **Needle-like leaves**

DELOSPERMA CONGESTUM
TOP Royal Ranger Yellow

- **A perennial evergreen succulent.**
- **Needle-like leaves**
- **Erect plant**
- **Suitable for half shade**
- **Height 15cm, width 30cms**

DELOSPERMA CONGESTUM
Jewel of Desert Garnet

- **Low-growing succulent with deep garnet-red, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DELOSPERMA CONGESTUM
Jewel of Desert Rosenquarz

- **Low-growing succulent with soft pink, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DELOSPERMA CONGESTUM
Jewel of Desert Ruby

- **Low-growing succulent with vivid ruby-red, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DELOSPERMA CONGESTUM
Jewel of Moon Stone

- **Low-growing succulent with pale pink to white, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DELOSPERMA CONGESTUM
WHEELS OF WONDER GOLDEN WONDER

- **Low-growing succulent with bright golden-yellow, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DELOSPERMA CONGESTUM
WHEELS OF WONDER HOT PINK WONDER

- **Low-growing succulent with vivid hot-pink, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DELOSPERMA CONGESTUM
WHEELS OF WONDER ORANGE WONDER

- **Low-growing succulent with vibrant orange, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DELOSPERMA CONGESTUM

WHEELS OF WONDER WHITE WONDER

- **Low-growing succulent with bright white, daisy-like flowers**
- **Fleshy green foliage with a spreading, mat-forming habit**
- **Height: ~10–15 cm | Spread: ~30–45 cm**

DIANTHUS HYBRIDA

BFF Bicolor

- **Compact, upright plant with two-toned pink and white, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

BFF Double Rose

- **Compact, upright plant with double, deep rose-pink flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

BFF Passion Rose

- **Compact, upright plant with vibrant rose-pink, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

BFF Pink Passion

- **Covered in vibrant rose to magenta-pink blooms; fragrant, with multiple flushes through the season .**
- **Begins in late spring and reblooms continuously throughout summer and early fall, thanks to successive flower flushes**

DIANTHUS HYBRIDA

BFF Scarlet Passion

- **Compact, upright plant with vivid scarlet-red, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

BFF Violet Passion

- **Compact, upright plant with vivid violet-purple, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

DIANT 2163040 (Pastello Type)

- **Compact, upright plant with soft pastel pink, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

DIANT 2163083 (Fuoco type)

- **Compact, upright plant with vibrant red, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

Pinocchio Malva 2183030)

- **Compact, upright plant with soft mauve-pink, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

BFF Purple Passion

- **Rich mauve-purple blossoms, fragrant and reblooming throughout the growing season**
- **Begins in late spring, with continuous flowering into summer and early fall, thanks to strong reblooming**

DIANTHUS HYBRIDA

BFF Red Passion

- **Profuse, double deep red to magenta-red blooms with a pleasant clove-like fragrance**
- **Starts in late spring, with repeat flowering through summer into early fall when deadheaded**

DIANTHUS HYBRIDA

Pinocchio Bianco 2027 2203026 (Bianco Type)

- **Compact, upright plant with pure white, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

HY Pinocchio Amethyst

- **Double, fringed blooms in a striking amethyst-violet hue. Like other 'Pinocchio' types, they're fragrant, forming attractive clusters**
- **Flowers appear from late spring into early summer**

DIANTHUS HYBRIDA

HY Pinocchio Bianco

- **Clusters of double, fragrant white blooms (often pure white) with lightly fringed petals, held in rounded corymbs atop sturdy stems**
- **Blooms in late spring to early summer.**

DIANTHUS HYBRIDA

DIANT 2223070 (dark red)

- **Compact, upright plant with deep dark-red, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

Pinocchio Carminio (DIANT 2223070)

- **Compact, upright plant with rich carmine-red, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

Pinocchio Eleganza (DIANT 2213094)

- **Compact, upright plant with elegant soft pink, fringed flowers**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

Pinocchio Lila Picotee (DIANT 2153046)

- **Compact, upright plant with lilac-pink flowers edged in darker purple**
- **Narrow, blue-green foliage with a dense, clump-forming habit**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DIANTHUS HYBRIDA

Suntory Pink (2741)

- **Compact, upright plant with bright pink, fringed flowers**
- **Narrow, blue-green foliage with dense growth**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

DICENTRA HYBRIDA
Amore titaium

- **Stunning pure white, nodding heart-shaped blooms dangling in clusters, unmatched in whiteness**
- **Flowers prolifically from May through September/October, offering a long flowering season**

DIDELTA CARNOSA
FanciFillers Silver Strand

- **Velvety silver leaves that inject cool contrast and year-round interest**
- **Produces yellow blooms in spring through summer—foliage remains the star.**

DIANTHUS HYBRIDA
HY Pinocchio Fuoco

- **Vibrant scarlet-red, double-fringed blooms in dense clusters. Blossoms are fragrant, showcasing lively color and texture.**
- **Blooms from late spring into early summer**

DIANTHUS HYBRIDA
HY Pinocchio Mega Viola

- **Vibrant deep violet to magenta clusters of double fringed blooms, delightfully fragrant, and often bicolor with contrasting centers**
- **Flowers from late spring into early summer**

DIANTHUS HYBRIDA
HY Pinocchio Pastello

- **Soft, pastel-colored blooms—ranging from pale pinks and creamy whites to gentle lilacs—often with subtle bicolor or picotee patterns.**
- **The petals are fringed or slightly ruffled, forming dense, flat-topped clusters**

DIANTHUS HYBRIDA
HY Pinocchio Pesca (DIANT 2183053)

- **Double, fringed blooms in a lovely peach (“pesca” in Italian) tone, arranged in flat clusters.**
- **Blooms through the summer months**

DICENTRA HYBRIDA
HY Pinocchio Rubino

- **Abundant double fringed blooms in vibrant ruby-red tones, arranged in dense clusters known as corymbs**
- **Flowers from late spring into early summer**

DIANTHUS HYBRIDA
HY Pinocchio Salmon

- **Semi-double to double fringed blooms in a warm salmon-rose hue, beautifully clustered in flat-topped umbels**
- **Blooms in late spring to early summer, typically May–June**

DIANTHUS HYBRIDA
HY Pinocchio Sole

- **creamy to soft peach double, fringed blooms**
- **Blooms from May through October in mild climates**

DIANTHUS HYBRIDA
Vivid Bright Light

- **Exceptional garden & pot performance with vibrant pink flowers**
- **Showy rebloomer with its profusion of flowers, perfect for mass plantings**
- **8” height x 18-20” wide (after 4 years)**
- **Humidity, heat resistant, USDA zone 4-9**

DICENTRA HYBRIDA
Amore Rose

- **Nodding, heart-shaped blossoms in vibrant rose-pink to magenta.**
- **Known for its exceptionally long flowering season, blooming from May into August, and sometimes beyond if consistently moist**

DIPLADENIA HYBRIDA

Bella Compact Red

- **Compact, bushy plant with vivid red, trumpet-shaped flowers**
- **Glossy dark-green leaves with a neat, branching habit**
- **Height: ~30–50 cm | Spread: ~30–50 cm**

DIPLADENIA HYBRIDA

Bella Hot Pink

- **Compact, bushy plant with vivid hot-pink, trumpet-shaped flowers**
- **Glossy dark-green leaves with a neat, branching habit**
- **Height: ~30–50 cm | Spread: ~30–50 cm**

DIPLADENIA HYBRIDA

Bella Magma

- **Compact, bushy plant with deep red, trumpet-shaped flowers**
- **Glossy dark-green leaves with a neat, branching habit**
- **Height: ~30–50 cm | Spread: ~30–50 cm**

DIPLADENIA HYBRIDA

Bella Pink 2019

- **Compact, bushy plant with soft pink, trumpet-shaped flowers**
- **Glossy dark-green leaves with a neat, branching habit**
- **Height: ~30–50 cm | Spread: ~30–50 cm**

DIPLADENIA HYBRIDA

Bella Pink Panther

- **Compact, bushy plant with vivid pink, trumpet-shaped flowers**
- **Glossy dark-green leaves with a neat, branching habit**
- **Height: ~30–50 cm | Spread: ~30–50 cm**

DIPLADENIA HYBRIDA

Bella Red Bolero

- **Compact, bushy plant with bright red, trumpet-shaped flowers**
- **Glossy dark-green leaves with a neat, branching habit**
- **Height: ~30–50 cm | Spread: ~30–50 cm**

DIPLADENIA HYBRIDA

Bella Sunrise

- **Compact, bushy plant with warm pink-to-orange, trumpet-shaped flowers**
- **Glossy dark-green leaves with a neat, branching habit**
- **Height: ~30–50 cm | Spread: ~30–50 cm**

ECHINACEA

Ginger

- **Upright perennial with warm orange-pink, daisy-like flowers**
- **Dark green foliage with prominent raised cone centres**
- **Height: ~60–90 cm | Spread: ~30–45 cm**

ECHINACEA

Prima Amarillo

- **Compact, upright perennial with bright yellow, daisy-like flowers**
- **Dark green foliage with prominent cone-shaped centres**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

ECHINACEA

Ruby

- **Upright perennial with rich ruby-red, daisy-like flowers**
- **Dark green foliage with prominent cone-shaped centres**
- **Height: ~60–90 cm | Spread: ~30–45 cm**

EUPHORBIA HYBRIDA
Black Bird

- **Compact, upright plant with deep burgundy-purple foliage**
- **Dark foliage contrasts with small green-yellow flowers**
- **Height: ~40–60 cm | Spread: ~40–60 cm**

EUPHORBIA HYBRIDA
Golden Glory

- **Bright gold-yellow bracts (flower-like structures)**
- **Upright, bushy ornamental habit**
- **Heat and drought tolerant**
- **Long-lasting seasonal color**

ECHEVERIA HYBRIDA
Agavoides

- **A compact, stemless rosette succulent**
- **Leaves are thick, triangular, resembling a mini agave**
- **Leaf tips often blush red or bronze under bright sun**
- **In spring to summer, produce tall stalks bearing scarlet/red-orange/yellow bell-shaped flowers**

ECHEVERIA HYBRIDA
Amoena

- **Compact, forming dense clumps of rosettes**
- **Thick, glaucous green leaves that can flush pink/red in sun—obovate and pointed .**
- **Produces lots of side rosettes, creating attractive clusters over time**

ECHEVERIA HYBRIDA
Devotion

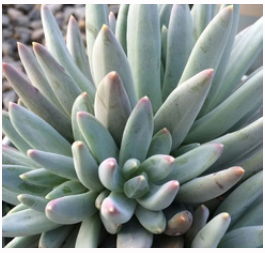

- **Its velvety, lightly pubescent leaves in rosettes,with burgundy-red edges deepening in bright light or cool nights**
- **is non-flowering, prized for form and foliage rather than blooms**

ECHEVERIA HYBRIDA

Elegans

- **Forms tight, symmetrical rosettes of glaucous (blue-green to silvery-green) spoon-shaped leaves.**
- **Leaves often flush pink or red at the edges under bright sun or cooler temps**

ECHEVERIA HYBRIDA

Hookeri

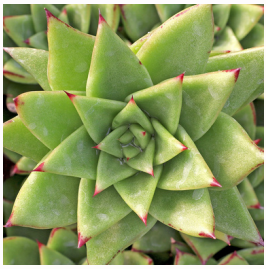

- **Forms compact, upright rosettes ,but may cluster into larger clumps**
- **Leaves are silvery-blue to olive-green, tubular to slightly pointed, often with reddish tips in full sun .**

ECHEVERIA HYBRIDA

Lilacina

- **Forms a perfectly symmetrical, flat rosette of spoon-shaped, silvery-gray leaves.**
- **it produces delicate coral-pink bell flowers on reddish, arching stalks**

ECHEVERIA HYBRIDA

Lipstick

- **Compact rosettes of lime-green, triangular leaves edged with vivid red margins—like a swipe of lipstick**
- **In spring to early summer, it sends up slender stalks with clusters of scarlet to yellow-tipped bell flowers**

ECHEVERIA HYBRIDA

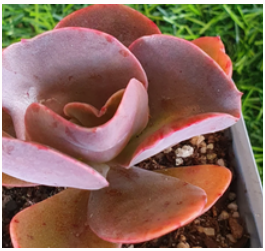

Metallica

- **Metallic bronze-green leaves edged in pink or purplish tones when young; matures to deep bronze hues**
- **Produces bell-shaped reddish flowers with yellow interiors on tall racemes in spring to summer.**

ECHEVERIA HYBRIDA
Nodulosa

- **Leaves are olive-green to lime, strikingly accented with red or purple brush-stroke markings along the midrib and margins—highly sun-responsive coloration**
- **Produces bell-shaped flowers (pink-yellow) on tall stalks in spring–summer**

ECHEVERIA HYBRIDA
Peaccockii

- **A stunning, medium-sized rosette succulent known for its metallic sheen and bronze-green foliage accented by pinkish margins**

ECHEVERIA HYBRIDA
Pulvinata

- **Features fuzzy, white-hair-covered leaves in rosettes that range from 8–15 cm across, on thin stems up to ~30 cm long—the leaves may redden at the tips when stressed or in sun**

ECHEVERIA HYBRIDA
Purpusorum

- **Dark olive-green to grey-green triangular leaves, marked with reddish-brown spots or streaks, often with sharp, pointed tips**
- **Reaches mid-spring to summer**

ECHEVERIA HYBRIDA
Rubra

- **Forms compact rosettes**
- **Leaves are triangular and fleshy; center green with dramatic ruby-red margins that intensify under strong light or cooler temperatures**

ECHEVERIA HYBRIDA
x Set Oliver

- **A shrubby, multistemmed succulent reaching ~30 cm tall and wide, with rosettes of hairy lime-green leaves tipped in red**
- **The velvety leaves blush deeper red when exposed to cool or dry conditions, making the rosettes highly ornamental**

ERYSIMUM LINIFOLIUM
Colour Vibe Orange

- **Produces large, velvety orange flowers with deep coloration that remains bright even under intense weather conditions**
- **Plush, silvery-dark green leaves that provide a lovely backdrop to its flowers .**

ERYSIMUM LINIFOLIUM
Colour Vibe purple

- **a compact, self-branching habit**
- **intense violet-purple blooms that won't fade no matter the weather**
- **Features silvery-green foliage with freely branching stems topped by large flower heads of vibrant purple**

ERYSIMUM LINIFOLIUM
Colour Vibe Red

- **Produces large clusters of vivid, velvety red flowers that truly don't fade in sun or rain**
- **Features silvery-green foliage and an upright, mound-forming habit, reaching about 50 cm tall and wide**

EUPATORIUM RUGOSUM
mac. Atropurpureum

- **Evergreen Shrubs**
- **Small Tubular flowers borne in terminal panicles or corymbs**
- **Erect purplish stems**
- **Deep rose-purple flowers**
- **Clump forming**

EUPHORBIA HYBRIDA

Martinii Little Treasure

- **Compact, bushy plant with green-and-cream variegated foliage**
- **Bright yellow-green flower bracts above dense foliage**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

EUPHORBIA HYBRIDA

Amygaloides Purpurea

- **Deep burgundy-purple evergreen leaves and stems all year, intensifying in cooler weather**
- **Bright lime-green/yellow cyathia (flower bracts) in spring–early summer (April–June) that stand out beautifully against dark foliage**

EUPHORBIA HYBRIDA

Ascot Petite

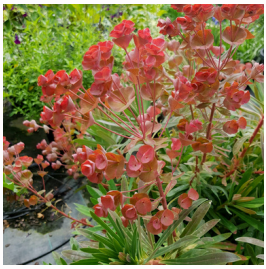

- **Evergreen dark green leaves on purple stems; foliage tips may blush red in autumn**
- **Appears in spring (March–June) with clusters of vivid lime-green/yellow bracts, held atop dome-shaped growth**

EUPHORBIA HYBRIDA

Ascot Rainbow

- **Lance-shaped leaves with sage-green centers, creamy-yellow edges, often flushed pink or rose in cool weather**
- **Spring–early summer brings clusters of chartreuse to lime-green bracts with red-tipped centers**

EUPHORBIA HYBRIDA

Galaxy Glow

- **Evergreen, upright clump reaching about 50–55 cm tall and wide, with multiple branching stems**
- **Glaucous blue-green leaves flushed with coppery pink when new or stressed**

EUPHORBIA HYBRIDA
Glacier Blue

- **A striking evergreen subshrub forming a dense, rounded mound about 40–60 cm tall and 60–90 cm wide**
- **Leaves are narrow, gray-blue with creamy-white margins, giving a soothing "glacier" look**

EUPHORBIA HYBRIDA
Miners Merlot

- **new growth emerges dark wine-red, maturing to deep burgundy-green, and intensifies toward near-black as temperatures drop**
- **Upright stems and red-tinged leaf backs add architectural depth to the plant.**

EUPHORBIA HYBRIDA
Walbertons Ruby Glow

- **Young leaves emerge a vivid ruby red, aging to deep purple-black, often along bright red stems**

EUPHORBIA HYPERCIFOLIA
Summer Snow

- **A compact, mounding annual/sub-shrub, maturing**
- **Covered almost continually with tiny white flower-like bracts, creating a “snowy” cloud effect over fine-textured foliage .**

EUPHORBIA HYPERCIFOLIA
WFL StarBlast Pink

- **Cloaked in airy clusters of star-shaped, soft pink bracts from spring through fall—creating a “cloud of pink” effect**
- **The tiny flowers appear at branch tips, surrounded by showy bracts that persist, dying back only gradually**

Euphorbia hypercifolia
WFL Starblast Snowdrift

- **Compact, bushy plant with delicate white flowers**
- **Small green leaves with a fine, airy appearance**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

EUPHORBIA HYPERCIFOLIA
WFL StarBlast White

- **its clean, white bracts and soft texture—perfect for brightening up any container or garden bed.**
- **Produces a profusion of tiny flowers atop slender stems—no deadheading required .**

EUPATORIUM RUGOSUM
BABY JOE

- **Compact, upright perennial with clusters of white flowers**
- **Dark green, toothed foliage with a dense growth habit**
- **Height: ~60–90 cm | Spread: ~45–60 cm**

EUPATORIUM RUGOSUM
Chocolate

- **Upright perennial with dark chocolate-purple foliage**
- **Clusters of small white flowers create a striking contrast**
- **Height: ~90–120 cm | Spread: ~60–90 cm**

EUPATORIUM RUGOSUM
Phantom

- **Compact, upright perennial with clusters of white flowers**
- **Dark green, toothed foliage with a dense, branching habit**
- **Height: ~60–90 cm | Spread: ~45–60 cm**

EURYOPS ATHANASIA

TOP EUROSTAR

- **Evergreen daisy-shrub growing 90–180 cm tall and wide, forming dense mounds topped with vibrant yellow daisies (~5 cm across) from spring through winter in mild climates**
- **Its foliage is silvery-gray and finely divided, offering lovely contrast to the blooms**

EVOLVOLUS HYBRIDA

BIG Blue Eyes

- **Its profusion of true-blue, funnel-shaped flowers with white centers, it blooms from late spring through fall**
- **Each blossom opens in the morning and typically closes by evening**

FATSIA JAPONICA

japonica Spider's Web

- **Color: White**
- **leafColor: Green, white speckled**
- **Growth Habit : Bushy**

FELICIA AMELLOIDES

FEL 2023-03

- **Bright blue daisy-like blooms**
- **Compact, mounded growth habit**
- **Long flowering season**
- **Attracts bees and butterflies**

FICUS PUMILA

Belle Sunny

- **Trailing/climbing plant with small, variegated green-and-cream leaves**
- **Dense, vigorous growth with a delicate appearance**
- **Height: ~10–20 cm | Spread: ~60–120 cm**

FICUS PUMILA
Radicans

- **Fast-growing trailing and climbing plant with small green leaves**
- **Dense foliage with a spreading, creeping habit**
- **Height: ~10–20 cm | Spread: ~60–120 cm**

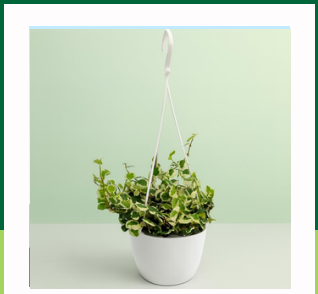

FICUS PUMILA
Green

- **This cultivar is a classic weeping fig with lush, glossy deep-green leaves that form elegant plumes along gracefully arching branches**
- **Its charming drooping habit and rich foliage create a refined, tropical look, ideal for interiors or covered patios.**

FICUS PUMILA
Radicans Variegatta

- **Trailing/climbing plant with small green-and-cream variegated leaves**
- **Dense, creeping growth with a delicate appearance**
- **Height: ~10–20 cm | Spread: ~60–120 cm**

FICUS PUMILA
White Sunny

- **Trailing/climbing plant with small green leaves edged in creamy white**
- **Dense, vigorous growth with a spreading habit**
- **Height: ~10–20 cm | Spread: ~60–120 cm**

FUCHSIA HYBRIDEN
Bella Rosella

- **Compact, bushy plant with large double pink and white flowers**
- **Dark green foliage with graceful, pendulous blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

FUCHSIA HYBRIDEN

Dollarprinzessin

- **Compact, bushy plant with double pink-and-purple, hanging flowers**
- **Dark green foliage with elegant, pendulous blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

FUCHSIA HYBRIDEN

Ernie

- **Compact, bushy plant with bright pink and purple, pendulous flowers**
- **Dark green foliage with graceful, hanging blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

FUCHSIA HYBRIDEN

Electric Light

- **Compact, bushy plant with bright pink and purple, pendulous flowers**
- **Dark green foliage with graceful, hanging blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

FUCHSIA HYBRIDEN

Beacon Rot/Blue

- **Color: Red and blue**
- **leafColor: Green leaves**
- **Growth Habit : Bushy Upright**
- **Flowering time: All year**

FUCHSIA HYBRIDEN

Dark Eyes

- **Color: Purple Red flowers**
- **leafColor: Green**
- **Growth Habit : Bushy Upright**
- **Flowering time:All year**

FUCHSIA HYBRIDEN

Koralle

- **its cluster of trumpet-shaped, coral-orange to salmon-red blooms, which hang elegantly from slender, upright branches**
- **Blooms summer through autumn**

FUCHSIA HYBRIDEN

Tyrol

- **Color: Light purple and single Red flowers**
- **leafColor: Dark-Green leaves**
- **Growth Habit : compact Upright**
- **Flowering time:All year**

FUCHSIA HYBRIDEN

Insulinde

- **Compact, bushy plant with bright red sepals and deep violet-purple petals**
- **Elegant, pendulous flowers with a strong two-tone contrast**
- **Height: ~30–50 cm | Spread: ~30–45 cm**

FUCHSIA HYBRIDEN

Nicis Findling

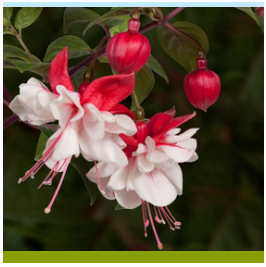

- **Compact, bushy plant with small pink-and-purple, pendulous flowers**
- **Dark green foliage with graceful, hanging blooms**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

FUCHSIA HYBRIDEN

Paula Jane

- **Compact, bushy plant with elegant pink-and-white, pendulous flowers**
- **Dark green foliage with graceful, hanging blooms**
- **Height: ~30–50 cm | Spread: ~30–45 cm**

FUCHSIA HYBRIDEN
Swingtime

- **Compact, bushy plant with white double flowers and vivid red sepals**
- **Dark green foliage with elegant, pendulous blooms**
- **Height: ~30–50 cm | Spread: ~30–45 cm**

GAURA LINDHEIMERI
Corrie´s Gold

- **Upright, airy perennial with delicate white, butterfly-like flowers**
- **Green foliage edged and splashed with creamy-yellow variegation**
- **Height: ~40–60 cm | Spread: ~30–45 cm**

GERANIUM CANTABRIGIENSE
cant. Cambridge

- **Low-growing, spreading perennial with sof pink, five-petalled flowers**
- **Aromatic, deeply divided green foliage tha can develop reddish tones**
- **Height: ~15–25 cm | Spread: ~40–60 cm**

GAILARDIA HYBRIDA
Sunbuddies Gold

- **Bright, golden-yellow daisy-like blooms with prominent raised centers; a cheerful splash all season long**
- **Flowers continuously from early summer (June) into late autumn (November), self-cleaning and requiring minimal deadheading**

GAILARDIA HYBRIDA
Sunbuddies Red

- **Vivid red-orange blooms edged in golden-orange, forming a dense floral groundcover**
- **Continuous flowering from June through late November, thanks to its sterile, self-cleaning nature**

GAURA LINDHEIMERI

Compact Pink impr.

- **Delicate pink flowers float above foliage on wiry stems from late spring through autumn—a lovely cloud-like display**

GAURA LINDHEIMERI

Compact White Impr.

- **Features airy sprays of pure white, star-like flowers on delicate wiry stems that sway beautifully in the breeze.**
- **Flowering typically spans late spring through autumn, offering a long-lasting, elegant display.**

GAURA LINDHEIMERI

Gaurellia Bicolor

- **Color: white flowers**
- **Growth Habit : Upright**
- **Flowering time:Summer –late fall**

GAURA LINDHEIMERI

lindheimeri

- **Color: white flowers**
- **Growth Habit : Upright**
- **Flowering time:Summer –late fall**

GAURA LINDHEIMERI

Whirling Butterflies

- **Color: white flowers**
- **leafColor: mid-green leaves**
- **Growth Habit: Upright**
- **Flowering time: Summer – late fall**

GAZANIA SPLENDENS

Beda

- **Color: Yellow flowers**
- **Leaf color: Silver yellow leaf**
- **Growth Habit :**
- **time:Summer –late fall**

GAZANIA SPLENDENS

magic

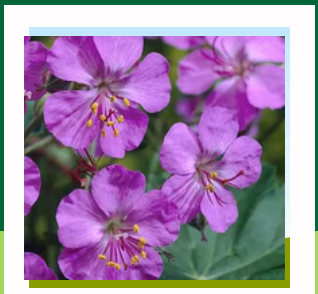

- **Color: Yellow flowers with stripes redand brown**
- **Leaf color: Green- leaf**
- **Growth Habit :**
- **time:Summer –late fall**

Gazania splendens

Sunbathers Katua

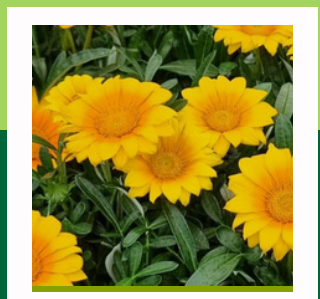

- **Large red-Orange flower and grey foliage.**
- **Prefers full sun, with free-draining soil/compost.**
- **Upright growth habit.**
- **Flowers in may-September.**

GERANIUM CANTABRIGIENSE

cant. Karmina

- **Low-growing, spreading perennial with vibrant carmine-pink flowers**
- **Aromatic, deeply divided green foliage with a dense, mounding habit**
- **Height: ~15–25 cm | Spread: ~40–60 cm**

GAZANIA SPLENDENS

SunCarpet

- **Produces abundant large, bicolored yellow-orange daisy blooms that carpet the ground, resembling mini sunflowers**
- **Long-blooming—from late spring through summer into fall**

GAZANIA SPLENDENS

Sun love

- **Excellent contrast with the silver foliage.**
- **Large and continuous flowers.**
- **Silver leaves**
- **Ground cover habit.**

GAZANIA SPLENDENS

SunStopper Orange

- **Rich orange daisy-type flowers, large and vibrant, set off by attractive silver-green foliage**
- **Blooms are single, bold, and heat-loving, perfect for bright, dry conditions .**

Gazania splendens

Yellow Jupiter

- **Single, daisy-like blooms approximately 5–5.5 cm wide, with rich yellow to medium-orange petals—often featuring subtle darker eye patterns**

GAZANIA SPLENDENS

Sunbathers Nahui Orange

- **Large yellow-orange semi-double flower.**
- **Prefers full sun, with free-draining soil?compost**
- **Upright growth habit.**
- **Silver/grey foliage.**
- **Flowers in May-September**

GENTIANA SCABRA

Ashiro Bouquet Aqua

- **Vibrant aqua-blue trumpet-shaped blooms**
- **Upright, compact growth habit**
- **Late-season flowering**
- **Excellent for containers and garden borders**

GERANIUM CANTABRIGIENSE
cant. St. Ola

- **Low-growing, spreading perennial with pure white, five-petalled flowers**
- **Aromatic, deeply divided green foliage with a dense, mounding habit**
- **Height: ~15–25 cm | Spread: ~40–60 cm**

GEUM BOLIVIENSE
rivale Flames of Passion

- **Clump-forming perennial with rich orange-red, nodding flowers**
- **Dark green, softly lobed foliage with a dense, compact habit**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

GEUM BOLIVIENSE
rivale Mai Tai

- **Compact, clump-forming perennial with soft peach-apricot, semi-double flowers**
- **Dark green, lobed foliage with a dense, mounding habit**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

GEUM BOLIVIENSE
Tales of Hex

- **Compact, clump-forming perennial with warm orange-red, semi-double flowers**
- **Dark green, lobed foliage with a dense, mounding habit**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

GEUM BOLIVIENSE
Totally Tangerine

- **Upright, clump-forming perennial with vibrant tangerine-orange, semi-double flowers**
- **Dark green, lobed foliage with a dense, bushy growth habit**
- **Height: ~60–75 cm | Spread: ~30–45 cm**

GENTIANA SCABRA
Ashiro Bouquet Marine

- **Deep marine-blue trumpet-shaped blooms**
- **Upright, compact growth habit**
- **Late-season flowering**
- **Excellent for borders and containers**

GENTIANA SCABRA
Ashiro Bouquet Rose

- **Soft rose-pink trumpet-shaped blooms**
- **Upright, compact growth habit**
- **Late-season flowering**
- **Ideal for borders and containers**

GERANIUM CANTABRIGIENSE
cantabrig Biokovo

- **Delicate, very pale pink (almost white) five-petaled blooms (~2.5 cm across) with darker pink stamens.**
- **blooming heavily from late spring into early summer, and occasionally again in autumn**

GERANIUM CANTABRIGIENSE
Macrohizznum

- **A semi-evergreen, mat-forming perennial reaching 20–30 cm tall and spreading 60–120 cm by rhizome**
- **Leaves are aromatic, deeply lobed, with scent released when crushed**

GERANIUM CANTABRIGIENSE
Macrohizznum Spessart

- **A semi-evergreen, mat-forming perennial reaching about 35–50 cm tall and spreading 50–60 cm via shallow rhizomes**
- **Blooms in late spring to mid-summer.**

GLECHOMA HEDERACEA
NEPETA GREEN

- **Color: Bluish–violet to lavender**
- **Leaf color: variegated green with white trails**
- **Growth Habit : Mounding**
- **Flowering time: Late spring–summer**

GLECHOMA HEDERACEA
NEPETA VARIEGATA

- **Heart- to kidney-shaped leaves heavily splashed or edged in creamy white over pale green—evergreen to semi-evergreen**
- **Delicate lilac to mauve tubular blooms appear in whorls during late spring to early summer**

GYPSOPHILA PANICULATA
PANICULATA ROSENSCHLEIER

- **Color:white Flowers tinged with Pink**
- **Growth Habit : Airy mounds**
- **Flowering time:Early summer-late summer**

HEBE HYBRIDA
Green Globe

- **Compact, rounded evergreen shrub with dense, bright-green foliage**
- **Small leaves form a neat, globe-shaped habit**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

HEBE HYBRIDA
New Zealand Gold

- **Compact evergreen shrub with golden-yellow and green variegated foliage**
- **Dense, upright-to-rounded growth with small glossy leaves**
- **Height: ~30–60 cm | Spread: ~30–60 cm**

HEBE HYBRIDA
PLUTO

- **Compact evergreen shrub with bright yellow-green, tightly packed foliage**
- **Dense, rounded growth habit with small, glossy leaves**
- **Height: ~50–60 cm | Spread: ~50–60 cm**

HEBE HYBRIDA
SILVER

- **Compact evergreen shrub with attractive silver-green foliage**
- **Dense, rounded growth habit with small, closely spaced leaves**
- **Height: ~30–60 cm | Spread: ~30–60 cm**

HEDERA HELIX
Eva

- **Compact evergreen climber with glossy, deeply lobed leaves.**
- **Variegated foliage: green centres with creamy-white margins.**
- **Height: ~30–45 cm | Spread: ~30–45 cm; ideal for containers, hanging baskets and groundcover.**

HEDERA HELIX
Gold child

- **Evergreen climber with glossy, lobed leaves.**
- **Green leaves with golden-yellow margins.**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

HEDERA HELIX
GREEN BRIGITTE

- **Evergreen climber with glossy, dark-green lobed leaves.**
- **Dense, compact growth; ideal for containers and groundcover.**
- **Height: ~30–45 cm | Spread: ~30–45 cm**
- **Flowering: September–November.**

HEDERA HELIX
GREEN MINI WONDER

- **Compact evergreen climber with small, glossy green leaves.**
- **Dense, neat growth; excellent for containers and groundcover.**
- **Height: ~30–45 cm | Spread: ~30–45 cm**
- **Flowering: September–November.**

HEDERA HELIX
GREEN PITTSBURG

- **Evergreen climber with glossy, dark-green, lobed leaves.**
- **Dense, vigorous growth; suitable for groundcover and containers.**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

HEDERA HELIX
Green Shamrock

- **Compact evergreen climber with small, glossy green leaves.**
- **Dense, neat growth; good for containers and groundcover.**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

HEDERA HELIX
Mint Kolibri

- **Compact evergreen climber with small, variegated green-and-cream leaves.**
- **Dense, neat growth; ideal for containers and groundcover.**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

HEDERA HELIX
WHITE WONDER

- **Evergreen climber with green leaves edged in creamy-white.**
- **Compact, dense growth; ideal for containers and groundcover.**
- **Height: ~30–45 cm | Spread: ~30–45 cm**

HELENIUM AUTUMNALE MOERHEIM BEAUTY

- **Color: Deep orange with velvet centre**
- **Leaf color:Green**
- **Growth Habit: clump forming**

HELENIUM AUTUMNALE SHORT AND SASSY

- **Decked with bright orange to yellow daisy-like flowers featuring prominent chocolate-brown centers—a true late-summer to fall showstopper**
- **Blooms earlier than many heleniums and continues through late autumn, offering weeks of vibrant color**

HELIANTHUS ANGUSTIFOLIUS WFL Sunmazing

- **Showy, sunny-yellow blooms (≈10 cm/4″ across) appear continuously from summer through fall, each with a rich brown center**

HELICHRYSUM ITALIUM ITALICUM CURRYKRAUT

- **Color: papery flowers**
- **Leaf color:Silvery-grey hairy foliage scented leaves**
- **Growth Habit:Bushy**
- **Flowering time:Mid summer to early autumn**

HELICHRYSUM ITALIUM ITALICUM DWARF

- **Compact evergreen shrub with aromatic, silver-grey foliage.**
- **Small yellow, button-like flowers in summer.**
- **Height: ~30–45 cm | Spread: ~30–45 cm | Flowering: June–August.**

HELICHRYSUM PETIOLARE
PETIOLARE BABY GOLD

- **Its vibrant golden foliage and soft, trailing texture.**
- **It's a compact version of the species that forms a bright, mounded or cascading mass, ideal in containers or as groundcover**

HELICHRYSUM PETIOLARE
PETIOLARE RONDELLO

- **Vibrant variegated foliage: 'Rondello' showcases creamy-yellow to lime-green margins against silver-grey leaves—brilliant in bright light**
- **Trailing, rounded habi**

HELICHRYSUM PETIOLARE
PETIOLARE SILVER

- **Vigorous trailing**
- **Silver in colour**
- **Large lobed leaves**

HELICHRYSUM PETIOLARE
PETIOLARE SILVER MINI

- **A dwarf form of the standard licorice plant**
- **Small, round, velvety-silver leaves densely cover trailing stems, forming a plush, cascading mound suitable for containers and edging**

HELICHRYSUM PETIOLARE
PETIOLARE SILVERSTAR

- **Semi trailing stems that forms spreading mounds.**
- **Super Silver-hued foliage**
- **Thrives in full or part sun**
- **Silver leaves that are oval in shape.**

HELICHRYSUM HYBRIDA SILVER MOON

- **Semi trailing stems that forms spreading mounds.**
- **Super Silver-hued foliage**
- **Thrives in full or part sun**
- **Silver leaves that are oval in shape.**

HELITROPIUM ABORESCENS BLUE MARINE

- **Color:**
- **Leaf color:**
- **Growth Habit:Upright**
- **Flowering time:spring to autumn**

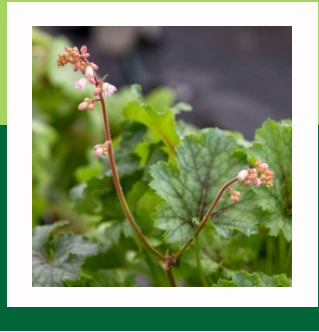

HELITROPIUM ABORESCENS POSEIDON BLUE

- **Compact, upright plant with dense clusters of violet-blue, fragrant flowers**
- **Dark green, slightly textured leaves with a lush appearance**
- **Height: ~30–50 cm | Spread: ~25–40 cm**

HEUCHERELLA TIARELLOIDES SUNRISE FALLS

- **Compact, mounding perennial with creamy-white flower sprays**
- **Maple-like foliage with green, golden and reddish tones**
- **Height: ~20–30 cm | Spread: ~40–50 cm**

HEUCHERELLA TIARELLOIDES WG SHADOW TAG

- **Compact, mounding perennial with delicate white flower spikes**
- **Deeply lobed foliage with dark burgundy-purple markings and green tones**
- **Height: ~20–30 cm | Spread: ~40–50 cm**

HEUCHERA HYBRIDA
WG BALL GOWN

- **Compact, mounding perennial with airy sprays of small creamy-white flowers**
- **Large, rounded leaves with deep burgundy-purple colouring and darker veining**
- **Height: ~25–35 cm | Spread: ~35–45 cm**

HEUCHERA HYBRIDA
WG EVENING GOWN

- **Compact, mounding perennial with slender sprays of small pale flowers**
- **Deep burgundy-purple leaves with dark veining and a softly scalloped edge**
- **Height: ~25–35 cm | Spread: ~35–45 cm**

HEUCHERA HYBRIDA
CHERRY COLA

- **Rich cherry-red to bronze foliage**
- **Compact, clump-forming growth habit**
- **Small delicate flower spikes (seasonal)**
- **Ideal for borders, pots & shade gardens**

HEUCHERA HYBRIDA
AMBER WAVES

- **Color: orange, pink**
- **Leaf color: Brown, orange**
- **Growth Habit: mounding**
- **Flowering time:spring**

HEUCHERA HYBRIDA
GINGER ALE

- **Color: yellow**
- **Leaf color:Ginger coloured leaves**
- **Growth Habit: mounding**
- **Flowering time:spring**

HEUCHERA HYBRIDA COCO

- **Compact, mounding perennial with delicate sprays of small creamy-white flowers**
- **Rounded, deeply lobed foliage in rich chocolate-brown to near-black tones**
- **Height: ~20–30 cm | Spread: ~30–40 cm**

HEUCHERA HYBRIDA MILAN

- **Compact, mounding perennial with delicate sprays of soft pink flowers**
- **Rounded, lobed foliage with silvery-green leaves and dark purple veining**
- **Height: ~20–30 cm | Spread: ~30–40 cm**

HEUCHERA HYBRIDA PEACH MELBA

- **Compact, mounding perennial with delicate cream-to-pink flower sprays**
- **Peachy-orange leaves with red-pink tones and prominent darker veins**
- **Height: ~25–35 cm | Spread: ~30–45 cm**

HEUCHERA HYBRIDA PEPPERMINT SPICE

- **Compact, mounding perennial with airy sprays of small creamy-white flowers**
- **Silvery-green leaves with dark burgundy veins and pink-red colouring**
- **Height: ~25–35 cm | Spread: ~30–45 cm**

HEUCHERA HYBRIDA HEUCH 21002

- **Compact, mounding perennial with airy sprays of small pale flowers**
- **Lobed foliage with distinctive silvery-green colouring and darker veining**
- **Height: ~25–35 cm | Spread: ~30–45 cm**

HEUCHERA HYBRIDA
PURPLE PETTICOATS

- **Leaf color:Dark-purple**
- **Growth Habit: mounding**
- **Flowering time:spring**

HEUCHERA HYBRIDA
TOP HERA BORDEAUX

- **Features deep burgundy-purple, ruffled leaves, giving it a bold, dramatic presence in mixed plantings**
- **Produces slender flower stalks in late spring or early summer adorned with delicate bell-shaped blooms (typically creamy pink or peach), which butterflies and hummingbirds love**

HEUCHERA HYBRIDA
TOP HERA CAPPUCINO CREAM

- **Foliage displays bronze to coffee-brown tones with silver highlights and purple undersides, offering year-round visual interest**
- **In early summer, it sends up delicate cream-white bell flowers on slender spikes**

HEUCHERA HYBRIDA
TOP HERA COPPER

- **Coppery-gold foliage with rich bronze-red centers and delicate hints of salmon and terracotta—copper tones deepen with light**

HEUCHERA HYBRIDA
TOP HERA DEEP NIGHT

- **A compact, clump-forming perennial growing to about 25–35 cm tall and wide, forming a neat mound of foliage**
- **Displays deep purple to nearly black, glossy leaves, giving a luxurious, dramatic texture in the garden .**

HEUCHERA HYBRIDATOP HERA DUSTY RED

- **Leaves are deep, dusky red to muted burgundy, with a slightly ruffled texture—adding season-long color to shade and borders.**

HEUCHERA HYBRIDA KEY LIME

- **Bright lime-green / chartreuse foliage**
- **Compact, clump-forming growth habit**
- **Small airy flower spikes (seasonal)**
- **Excellent for shade and mixed borders**

HEUCHERA HYBRIDATOP HERA GRAPHITE PURPLE

- **Glossy, rich purple leaves with wavy/fluted margins—color holds year-round, sometimes displaying metallic or silvery tones**

HEUCHERA HYBRIDATOP HERA HONEY ORANGE

- **Rich honey-orange to amber hues—leaves age from golden-orange to coppery tones**
- **Delicate bell-shaped blooms appear on upright stems in summer (June–July), often in white to pale orange tones**

HEUCHERA HYBRIDA TOP HERA INDIGO PURPLE

- **Features rich, dark indigo-purple leaves with glossy finish and gently scalloped edges—offering dramatic, long-lasting color year-round**
- **Grows in a tidy mound roughly**

HEUCHERA HYBRIDA
TOP HERA JADE GREEN

- **Striking jade-green leaves with silver overlay, featuring contrasting dark veins—bright and polished appearance**
- **Leaves remain attractive year-round (semi-evergreen to evergreen in mild climates), adding multi-season interest.**

HEUCHERA HYBRIDA
TOP HERA LIME

- **Vibrant lime-green foliage, often with subtle silver or frosty overlay, creating eye-catching contrast**
- **Semi-evergreen to evergreen, it maintains color across seasons and shows strong heat and shade tolerance .**

HEUCHERA HYBRIDA
TOP HERA VIOLET BLACK

- **Exhibits intense violet-black foliage, glossy with scalloped edges that give it a rich, luxurious look. The weight and sheen of the leaves accentuate its dramatic hue**

HEUCHERA HYBRIDA
PARIS

- **Soft pink and silver variegated foliage**
- **Compact, clump-forming growth habit**
- **Delicate seasonal flower spikes**
- **Ideal for borders, pots & shade gardens**

HOUTTUYNIA CORDATA
CHAMELEON

- **Color:Red densed flowers spikes**
- **Leaf color: green leaves with variegated shades ofred , pinkyellow**
- **Growth Habit: spreading**
- **Flowering time:summer**

HEUCHERA HYBRIDA
TOP HERA CORAL RED

- **Compact, mounding perennial with tall sprays of coral-red flowers**
- **Rounded, lobed foliage in rich green with subtle darker veining**
- **Height: ~30–40 cm | Spread: ~30–45 cm**

HEUCHERA HYBRIDA
TOP HERA FOREST

- **Compact, mounding perennial with airy sprays of small cream-white flowers**
- **Deep green, rounded lobed leaves with darker veining and a lush appearance**
- **Height: ~25–35 cm | Spread: ~30–45 cm**

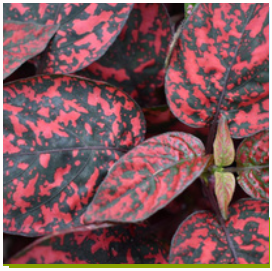

HEUCHERA HYBRIDA
TOP HERA FOREST 2027

- **Compact, mounding perennial with airy sprays of small cream-white flowers**
- **Deep green, rounded lobed leaves with darker veining and a lush appearance**
- **Height: ~25–35 cm | Spread: ~30–45 cm**

HYPOESTES PHYLLOSTACHYA
LOTTY DOTTY PINK

- **Foliage is dark green, heavily speckled with bright pink spots—so much that leaves often appear mostly pink .**
- **Upright, bushy habit**

HYPOESTES PHYLLOSTACHYA
LOTTY DOTTY RED

- **Bold red spots densely speckled across deep green leaves—spots often merge, creating a bright, nearly solid red effect.**
- **Upright, bushy habit**

HYPOESTES PHYLLOSTACHYA
WFL LOTTY DOTTY ROSE

- **Compact, bushy plant with small pink-rose flowers and attractive spotted foliage**
- **Green leaves heavily marked with bright rose-pink spots**
- **Height: ~20–30 cm | Spread: ~20–30 cm**

HYPOESTES PHYLLOSTACHYA
LOTTY DOTTY WHITE

- **Dark green leaves richly speckled with bright white spots—at times so abundant the foliage appears nearly pure white .**
- **Produces small pink to lilac blooms in late spring to summer, though foliage remains its primary appeal**

IBERIS HYBRIDA
TOP BLIZZARD

- **Compact, spreading perennial with dense clusters of bright white flowers**
- **Glossy, dark green, narrow leaves forming a neat evergreen mound**
- **Height: ~15–25 cm | Spread: ~30–45 cm**

IMPERATA CYLINDRICA
RED BARON

- **Begins with bright green foliage, transitioning in summer to crimson-red tips, and by fall the entire clump deepens to a rich burgundy**

IMPATIENS HAWKERI
SUNPATIENS COMPACT BLUSH PINK

- **Soft blush pink blooms**
- **Compact, well-branched growth habit**
- **Excellent sun and heat tolerance**
- **Continuous flowering, very floriferous**

IMPATIENS HAWKERI
SUNPATIENS COMPACT ELECTRIC ORANGE

- **Compact, upright plant with abundant vivid orange flowers**
- **Dark green, lance-shaped leaves with a lush, slightly glossy appearance**
- **Height: ~30–40 cm | Spread: ~30–40 cm**

IMPATIENS HAWKERI
SUNPATIENS COMPACT MAGENTA IMPR

- **Bright magenta pink blooms**
- **Compact, well-branched growth habit**
- **Excellent sun and heat tolerance**
- **Very floriferous, continuous blooming**

IMPATIENS HAWKERI
SUNPATIENS COMPACT PURPLE

- **Rich purple blooms**
- **Compact, bushy growth habit**
- **Strong sun and heat tolerance**
- **Continuous, heavy flowering**

IMPATIENS HAWKERI
SUNPATIENS COMPACT RED

- **Bright vibrant red blooms**
- **Compact, bushy growth habit**
- **Excellent heat and sun tolerance**
- **Continuous, heavy flowering**

IMPATIENS HAWKERI
SUNPATIENS COMPACT WHITE

- **Pure white blooms**
- **Compact, bushy growth habit**
- **Strong heat and sun tolerance**
- **Continuous, heavy flowering**

IMPATIENS HAWKERI
SUNPATIENS VIGOROUS CLEAR WHITE

- **Vigorous, upright plant with abundant large, pure white flowers**
- **Dark green, lance-shaped leaves with a slightly glossy appearance**
- **Height: ~45–60 cm | Spread: ~45–60 cm**

IMPATIENS HAWKERI
SUNPATIENS VIGOROUS LAVENDER SPLASH

- **Vigorous, upright plant with large lavender flowers splashed with white**
- **Dark green, lance-shaped leaves with a lush, slightly glossy appearance**
- **Height: ~45–60 cm | Spread: ~45–60 cm**

IMPATIENS HAWKERI
SUNPATIENS VIGOROUS ORANGE

- **Vigorous, upright plant with abundant large, bright orange flowers**
- **Dark green, lance-shaped leaves with a lush, slightly glossy appearance**
- **Height: ~45–60 cm | Spread: ~45–60 cm**

IMPATIENS HAWKERI
SUNPATIENS VIGOROUS ROSE PINK

- **Vigorous, upright plant with abundant large, bright rose-pink flowers**
- **Dark green, lance-shaped leaves with a lush, slightly glossy appearance**
- **Height: ~45–60 cm | Spread: ~45–60 cm**

IMPATIENS HAWKERI
SUNPATIENS VIGOROUS SWEETHEART

- **Vigorous, upright plant with abundant large, bright pink flowers**
- **Dark green, lance-shaped leaves with a lush, slightly glossy appearance**
- **Height: ~45–60 cm | Spread: ~45–60 cm**

IMPATIENS HAWKERI
SUNPATIENS VIGOROUS SCARLET

- **Vigorous, upright plant with abundant large, vivid scarlet-red flowers**
- **Dark green, lance-shaped leaves with a lush, slightly glossy appearance**
- **Height: ~45–60 cm | Spread: ~45–60 cm**

IMPATIENS HAWKERI
SUNPATIENS VIGOROUS RED

- **Large, bright red blooms**
- **Strong, vigorous spreading growth habit**
- **Excellent heat and full sun tolerance**
- **Very heavy and continuous flowering**

IPOMOEA BATATAS
MARGUERITA

- **Bright chartreuse/lime-green foliage**
- **Trailing, spreading growth habit**
- **Fast-growing ornamental vine**
- **Ideal for baskets, pots & ground cover**

IPOMOEA BATATAS
TOP SWEETATO LIME AMORE IPOM 25032

- **Bright lime-green ornamental foliage**
- **Trailing, vigorous spreading habit**
- **Fast-growing groundcover or basket plant**
- **Excellent for contrast in mixed planters**

IPOMOEA BATATAS
TOP SWEETATO FRESH GREEN IPOM 25048

- **Bright fresh green foliage**
- **Fast-growing trailing vine habit**
- **Excellent groundcover and basket plant**
- **Strong growth in warm conditions**

IPOMOEA BATATAS
TERRACE LIME

- **Leaf color: green**
- **Growth Habit: Trailing**
- **Flowering time: Autumn,spring summer**

IPOMOEA BATATAS
MNP SUNPUMA BLACK TONE

- **Rich, nearly black heart-shaped leaves that create bold contrast in any planting**
- **Reaches about 25 cm high, spreading 60–90 cm wide, ideal for hanging baskets, window boxes, and edging**

IPOMOEA BATATAS
MNP SUNPUMA LIME

- **Lime-green foliage: Heart-shaped leaves in vivid chartreuse that brighten any container or landscape**
- **Compact, mounded, semi-trailing habit**

IPOMOEA BATATAS
MNP SUNPUMA PURPLE

- **Heart-shaped leaves start green and mature to rich purple, especially along veins and margins.**
- **Semi-trailing or climbing habit—reaches about 25–30 cm tall, spreading 60–90 cm in containers; in baskets, it cascades beautifully .**

IPOMOEA BATATAS
TOP SWEETATO BRONZE AMORE

- **Striking bronze-colored, heart-shaped leaves with subtle burgundy veining—color is richest in sunny conditions**
- **Mounded yet trailing, with a mature height**

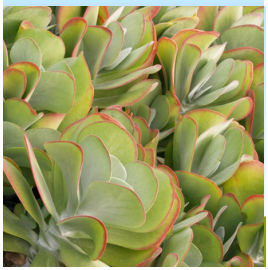

IPOMOEA BATATAS
TOP SWEETATO PURPLE

- **Deep purple to almost black heart-shaped leaves that provide rich, dramatic foliage**
- **Mounded and semi-trailing habit**

KALANCHOE HYBRIDA
SYNSEPALA

- **Succulent forming rosette-like clusters of fleshy, grey-green leaves edged in pink-purple, with rigid, scalloped margins**
- **Blooming occurs in mid-fall to early winter.**

KALANCHOE HYBRIDA
THYRSIFLORA

- **Forms a striking basal rosette of large, rounded, paddle-like leaves, often gray-green with red-edged margins, topped with a distinctive white, powdery coating (farina)**

KALANCHOE HYBRIDA
TOMENTOSA

- **Fuzzy, paddle-like leaves: Oval, fleshy, silvery-grey-green leaves coated with soft hairs; brown or chocolate-colored edges give a "panda ears" look**
- **Develops a rosette on woody stems**

KNIPHOFIA UVARIA
LEMON POPSICLE

- **Bright lemon-yellow, narrow torch-like flower spikes from early summer through fall (June–October)**

KNIPHOFIA UVARIA
MANGO POPSICLE

- **Slender, upright racemes covered in vibrant mango-orange tubular flowers. Blooms continuously from early summer through fall (June–October)**

KNIPHOFIA UVARIA
PAPAYA POPSICLE

- **Striking, bi-color 'papaya' blooms—rich orange with yellow bases—on upright stalks that display all summer into fall**
- **Compact clumping habit**

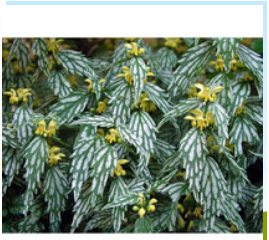

KNIPHOFIA UVARIA
ORANGE VANILLA POPSICLE

- **Upright torch-like flower spikes in orange & creamy yellow**
- **Long-lasting summer blooms**
- **Striking architectural garden plant**
- **Attracts bees and hummingbirds**

KNIPHOFIA UVARIA
PINEAPPLE POPSICLE

- **Bright yellow torch-like flower spikes**
- **Upright, architectural growth habit**
- **Long summer flowering period**
- **Attracts pollinators (bees & hummingbirds)**

LAMIASTRUM MACULATA
HERMANS PRIDE

- **Compact, spreading perennial with small yellow, hooded flowers**
- **Silvery-green, lance-shaped leaves with dark green markings along the veins**
- **Height: ~20–30 cm | Spread: ~30–45 cm**

LAMIUM MACULATUM
BEACON SILVER

- **Color.Pinkish purple flowers**
- **Leaf color: Silver leaves**
- **Growth Habit: Creeping**
- **Flowering time: Autumn,spring summer**

LAMIUM MACULATUM
MAC. PINK PEWTER

- **Color. Light Pink flowers**
- **Leaf color: Silver leaves**
- **Growth Habit: Ground cover**
- **Flowering time: Autun, spring summer**

LAMIUM MACULATUM
MAC. WHITE NANCY

- **Low-growing, spreading perennial with delicate white flowers**
- **Silvery-white leaves edged and veined with dark green**
- **Height: ~15–20 cm | Spread: ~30–45 cm**

LANTANA CAMARA
TOP MINI RED

- **Compact, bushy plant with clusters of vivid red flowers**
- **Dark green, slightly rough, oval leaves with a textured appearance**
- **Height: ~30–40 cm | Spread: ~30–40 cm**

LANTANA CAMARA
TOP MINI YELLOW

- **Compact, bushy plant with clusters of bright golden-yellow flowers**
- **Dark green, oval leaves with a slightly rough, textured surface**
- **Height: ~30–40 cm | Spread: ~30–40 cm**

LANTANA CAMARA
TOP SUNNYVILLE ORANGE

- **Compact, bushy plant with clusters of bright orange flowers**
- **Dark green, oval leaves with a slightly rough, textured surface**
- **Height: ~30–40 cm | Spread: ~30–45 cm**

LANTANA CAMARA
TOP SUNNYVILLE WHITE

- **Compact, bushy plant with clusters of pure white flowers**
- **Dark green, oval leaves with a slightly rough, textured surface**
- **Height: ~30–40 cm | Spread: ~30–45 cm**

LANTANA CAMARA
TOP SUNNYVILLE YELLOW

- **Compact, bushy plant with clusters of bright yellow flowers**
- **Dark green, oval leaves with a slightly rough, textured surface**
- **Height: ~30–40 cm | Spread: ~30–45 cm**

LAVANDULA HYBRIDA
ANGUSTIFOLIA HIDCOTE BLUE

- **Compact, upright lavender with dense spikes of deep violet-blue flowers**
- **Narrow, aromatic, silvery-green foliage with a fine, textured appearance**
- **Height: ~30–50 cm | Spread: ~30–45 cm**

LAVANDULA HYBRIDA
FAIRY WINGS BLUSH

- **Compact, upright plant with soft blush-pink flower spikes**
- **Narrow, aromatic, silvery-green foliage with a fine texture**
- **Height: ~40–60 cm | Spread: ~30–45 cm**

LAVANDULA HYBRIDA
FAIRY WINGS PINK

- **Compact, upright plant with abundant soft pink flower spikes**
- **Narrow, aromatic, silvery-green foliage with a fine, textured appearance**
- **Height: ~40–60 cm | Spread: ~30–45 cm**

LAVANDULA HYBRIDA
FAIRY WINGS PURPLE

- **Compact, upright plant with abundant deep purple flower spikes**
- **Narrow, aromatic, silvery-green foliage with a fine, textured appearance**
- **Height: ~40–60 cm | Spread: ~30–45 cm**

LAVANDULA HYBRIDA
PLANTINUM BLONDE

- **Compact, upright plant with fragrant purple flower spikes**
- **Distinctive cream-to-golden variegated foliage with green central markings**
- **Height: ~40–60 cm | Spread: ~30–45 cm**

LAVANDULA HYBRIDA
X ALLARDII MEERLO

- **Fragrant lavender-purple flower spikes**
- **Silvery-grey, aromatic foliage**
- **Bushy, upright growth habit**
- **Ideal for hedges, borders & pots**

LAVANDULA HYBRIDA
STOCHEAS LUSITANICA

- **Distinct purple flower heads with “butterfly” bracts**
- **Strongly aromatic grey-green foliage**
- **Compact, bushy growth habit**
- **Long flowering in warm seasons**

LAMIUM
MACULATUM WHITE NANCY

- **Forms spreading patch of small silver leaves with a narrow green edge.**
- **Clusters of pure white flowers appear in Spring.**
- **Stems roots on the ground where they touch**
- **Evergreen.**

LANTANA
SUNNYVILLE ORANGE

- **Color. Orange flowers**
- **Leaf color:**
- **Growth Habit:**
- **Flowering time: Autumn,spring summer**

LANTANA
SUNNYVILLE WHITE.

- **Flower is a mix of red,orange,yellow, or blue and White florets.**
- **Aromatic flowers.**
- **Flowers in Summer, Autumn and Spring.**

LANTANA
SUNNYVILLE YELLOW

- **Color. Yellow flowers**
- **Leaf color: Silver leaves**
- **Growth Habit:**
- **Flowering time: Autumn,spring summer**

LAVANDULA
ANGUSTIFOLIA HIDCOTE BLUE

- **Color. Dark purple flowers**
- **Leaf color: medium grey-green**
- **Growth Habit: Upright compact**
- **Flowering Time: summer**

LAVANDULA
INTERMEDIA X EXCEPTIONAL

- **A robust hybrid (lavandin) from Lavandula angustifolia × L. latifolia, known for silvery-green foliage and pure white flower spikes**
- **Blooms from mid-summer to autumn (May–October) on tall, sturdy stems**

LAVANDULA
INTERMEDIA X PHENOMENAL

- **Forms a compact, evergreen mound of silvery-gray foliage**
- **Upright, violet-purple flower spikes appear in early to late summer, often reblooming into fall**

LAVANDULA
INTERMEDIA X SENSATIONAL

- **Features bold silver-gray foliage that contrasts beautifully with its flower spikes**
- **Forms a compact, upright evergreen mound roughly**

LAVANDULA
PLANTINUM BLONDE

- **Lavender-blue spikes bloom in summer, with potential for**
- **Compact, evergreen shrub with striking silver-grey leaves edged in creamy-yellow, creating a luminous, variegated moundextended flowering into fall**

LAVANDULA
LAVANDULA MEERLO

- **Produces pale blue to lavender-mauve spikes in early to mid-summer, fragrance-rich and attractive to bees and butterflies**
- **Evergreen under mild winters, with grey-green leaves edged in creamy-yellow serrations—highly fragrant when touched**

LAVANDULA
STOCHEAS PINK

- **Color. Purple blue flowers**
- **Leaf color: grey-green**
- **Growth Habit: Bush mound**
- **Flowering Time:Summer**

LAVANDULA HYBRIDA
STOCHEAS ROSE VEIN

- **Soft pink-purple flower heads with veined bracts**
- **Aromatic grey-green foliage**
- **Compact, bushy growth habit**
- **Long flowering in warm, sunny conditions**

LAVANDULA HYBRIDA
STOCHEAS COMP. DARK PINK

- **Deep dark pink flower heads with decorative bracts**
- **Compact, dense growth habit**
- **Strong aromatic grey-green foliage**
- **Long flowering in warm seasons**

LAVANDULA HYBRIDA
STOCHEAS COMP. WHITE

- **Pure white flower heads with butterfly-like bracts**
- **Compact, bushy growth habit**
- **Aromatic grey-green foliage**
- **Long flowering in warm, sunny conditions**

LAVANDULA HYBRIDA
STOCHEAS LUISA

- **Rich purple-pink flower heads with decorative bracts**
- **Compact, bushy growth habit**
- **Strong aromatic grey-green foliage**
- **Long flowering in warm seasons**

LAVANDULA HYBRIDA
STOCHEAS ROYAL PURPLE

- **Deep royal purple flower heads with showy bracts**
- **Compact, bushy growth habit**
- **Strong aromatic grey-green foliage**
- **Long flowering in warm, sunny conditions**

LAVANDULA HYBRIDA
STOCHEAS RUFFLES

- **Frilly purple-pink flower heads with ruffled bracts**
- **Compact, bushy growth habit**
- **Strong aromatic grey-green foliage**
- **Long flowering in warm, sunny conditions**

LAVANDULA HYBRIDA
BELLLA TOSCANE

- **Soft pink-purple flower heads with elegant bracts**
- **Compact, bushy growth habit**
- **Strong aromatic grey-green foliage**
- **Long flowering in warm, sunny conditions**

LAVANDULA
ISTOCHEAS PURPLE

- **Color. Purple flowers**
- **Leaf color: grey-green**
- **Growth Habit: Bush mound**
- **Flowering Time:Summer**

LEWISIA COTYLEDON
SUNSET GLOW

- **Bright pink, orange & peach-toned blooms**
- **Rosette-forming succulent foliage**
- **Long flowering in cool seasons**
- **Ideal for rock gardens & containers**

LEWISIA COTYLEDON
CONSTANT COMMENT

- **Soft peach, pink & apricot-toned blooms**
- **Rosette-forming succulent foliage**
- **Long flowering in cool seasons**
- **Ideal for rock gardens & containers**

LEWISIA COTYLEDON
CONSTANT CORAL

- **Bright coral-pink blooms with soft tones**
- **Rosette-forming succulent foliage**
- **Long flowering in cool seasons**
- **Ideal for rock gardens & containers**

LEWISIA COTYLEDON
CONSTANT FUCHSIA

- **Bright fuchsia-pink blooms with intense color**
- **Rosette-forming succulent foliage**
- **Long flowering in cool seasons**
- **Ideal for rock gardens & containers**

LEUCANTHEMUM
GOLDFINCH

- **Color. Yellow flowers**
- **Leaf color: Green**
- **Growth Habit:Mounding**
- **Flowering Time:Summer**

LEUCANTHEMUM
LUNA

- **Color. Yellow flowers**
- **Leaf color: Green**
- **Growth Habit:Mounding**
- **Flowering Time:Summer**

LEUCANTHEMUM
SHORTSTOP

- **Loads of classic white daisy flowers with golden-yellow centers from June to August**
- **Fast-growing, attractive for mass plantings, borders, or bouquets; pollinator-friendly and deer-resistant**

LEUCANTHEMUM
TOP DAISY QUEEN

- **Classic daisy blooms—perfect white rays around sunny yellow centers—on sturdy, upright stems**
- **Flowers from late spring through summer, with reblooming possible if deadheaded**

LEYMUS
BLUE DUNE

- **Bright Blue Gray blades**
- **Upright flowers spikes**
- **Season: Summer**

LITHODORA
DIFFUSA HEAVENLY BLUE

- **Color. Bright roal blue flowers**
- **Leaf color: Green**
- **Growth Habit:Ground cover**
- **Flowering Time:Summer**

LITHODORA
DIFFUSA WHITE

- **Color. White flowers**
- **Leaf color: Green**
- **Growth Habit:Ground cover**
- **Flowering Time:Summer**

LOBELIA
HOT SNOW WHITE

- **Forms dense mounds of pure-white, five-lobed tubular flowers set against lush green foliage**

LOBELIA
HOTPOT DARK BLUE

- **Color: Deep, vivid dark blue**
- **Growth Habit: Mounding or trailing, depending on the planting style**
- **Compact, bushy form**

LOBELIA

WFL HOT BAVARIA

- **Color & Form: Semi-trailing lobelia with bright cobalt-blue flowers featuring white “eyes” at their centers. Forms a neat mound or spill of blooms**

LOPHOSPERMUM HYBRIDS

COMPACT PINK

- **Color. Pink flowers**
- **Leaf color: Green**
- **Growth Habit:Trailling/climbing**
- **Flowering Time:Summer**

LOPHOSPERMUM HYBRIDS

COMPACT WHITE

- **Color. White flowers**
- **Leaf color: Green**
- **Growth Habit:Trailling /climbing**

LOPHOSPERMUM HYBRIDS

COMPACT WINE RED

- **Color. Red flowers**
- **Leaf color: Green**
- **Growth Habit:Trailling /climbing**

LOTUS

MACULATUS GOLD FLASH

- **Color. Gold with Red tips flowers**
- **Leaf color: Light blue Green**
- **Growth Habit:Ground cover**
- **Flowering Time:Spring-Summer**

LOTUS
MACULATUS RED FLASH

- **Color. Crimpson Red flowers**
- **Leaf color:Light blue Green**
- **Growth Habit:Ground cover**
- **Flowering Time:Spring-Summer**

LYSIM
CONGESTIFOLIA GOLDILOCKS

- **Foliage ;Displays vibrant golden-yellow, coin-shaped leaves**
- **Growth Habit: A low-growing, evergreen perennial that forms a dense, trailing mat**

MARAN
KERCHOVEANA

- **Leaf Pattern & Coloration: Oval, velvety light green leaves with dark green to chocolate-brown "rabbit-track" blotches flanking the midrib**

MENTHA
AQUATICA MOROCCAN MINT

- **Flowers: Tiny tubular blossoms in dense clusters or whorls of pink-lilac, blooming mid-summer to autumn**
- **Leaves & Stems: Square stems may be green or purple.**

MENTHA
CITRATA GRAPEFRUIT

- **Color:Pink**
- **Leaf color:Bright-Green**
- **Flower time: summer**

MENTHA
X PIPERATA VAR NIGRA MINT

- **Color:Pink-white to lilac**
- **Leaf color: Brown purple leaves**
- **Flower time: summer and Autumn**

MUEHLENBECKIA
AXILLARIS COMPACT

- **Color:solid green white**
- **Leaf color: Dark Green leaves**
- **Flower time:July -august**

NEPET
NEPTUNE

- **Flower Color: Rich lavender-blue to deep blue-purple spikes held up**
- **Flowering Period: June through early autumn—remains floriferous, with mid-season pruning to promote rebloomright**

NEMESIA HYBRIDA
PW SUNSATIA BLUEBERRY ON ICE

- **Soft lavender-blue and white bicolor blooms**
- **Compact, well-branched growth habit**
- **Fragrant, long-lasting flowers**
- **Ideal for pots, borders & baskets**

OSTEOSPERMUM ECKLONIS
TOP SPRINGSTAR MAGMA

- **Bright orange-red daisy-like blooms**
- **Compact, bushy growth habit**
- **Long flowering season**
- **Heat and sun tolerant**

OSTEOSPERMUM ECKLONIS TOP SPRINGSTAR WHITE 2027

- **Clean pure white daisy-like blooms**
- **Compact, bushy growth habit**
- **Long flowering season**
- **Excellent for borders, pots & sunny gardens**

OPHIOPOGON JAPANICUS MINOR

- **Pale Lilac Flowers**
- **Evergreen Grass**
- **Clump forming**
- **Season: Summer**

OPHIOPOGON PLANISCAPUS NIGER

- **Arching, strap-like leaves that emerge deep purple and mature into a nearly jet-black color—key for high-contrast garden designs**

OROSTACHYS CHINESE HAT

- **Color: Yellow flower spikes**
- **Leaf color: Pale grey leaves**
- **Growth Habit:Mat forming**
- **Flower time: August-october**

ORIGANUM ROT. KENT BEAUTY

- **Color: pink flowers**
- **Leaf color: green**
- **Growth Habit:Clump-forming**
- **Flowering time:July-sep**

ORIGANUM
VULGARE ROSENKUPPEL

- **Slender stems of aromatic**
- **Purple-flushed foliage**
- **Tubular purple flowers with reddish-purple bracts.**
- **Hardy**

ORIGANUM
VULGARE COMPACTUM

- **Color:White-Pink flowers**
- **Leaf color: aromatic foliage**
- **Growth Habit: Clump forming**
- **Flowering time:July-Aug**

OSTEOSPERMUM
TOP SPRINGSTAR GOLD

- **Eye-catching, daisy-like bright golden-yellow blooms with darker central disks. They open early in the season and continue through summer and into autumn**

OSTEOSPERMUM
TOP SPRINGSTAR BLUE MAG 22324

- **Bloom Color & Form: Striking two-tone flowers: soft sky-blue petals with bold magenta-purple centers, creating a vibrant "starburst" effect**

OSTEOSPERMUM
TOP SPRINGSTAR FLASH MAGENTA 23611

- **Striking magenta-pink daisy blooms with a clear dark eye—compact petals hold open wide for vivid impact even in cooler light**
- **Flowers from spring through autumn, maintaining strong color even as the season cools .**

OSTEOSPERMUM
TOP SPRINGSTAR FUCHSIA 22321

- **Eye-catching fuchsia-magenta daisy blooms with a deep central eye. Petals stay open in cooler or cloudy conditions thanks to the Springstar™ breeding**

OSTEOSPERMUM
TOP SPRINGSTAR GOLD (OST 21016)

- **Producing prolific golden-yellow daisy blooms on a low-mounded, slightly spreading plant. Flowers open in cooler conditions and remain open late, ensuring long-lasting color**

OSTEOSPERMUM
TOP SPRINGSTAR MAGENTA

- **A lush planting with rich magenta blooms, showing the plant trailing from a container—perfect for patio color**
- **Flowers tend to stay open in cooler or cloudy conditions thanks to Springstar breeding**

OSTEOSPERMUM
TOP SPRINGSTAR MAGENTA MAGICO 21023

- **A lush draping cluster of bold magenta daisies with deep, contrasting centers—perfectly representing the "Magico" vibrancy and controlled trailing habit**

OSTEOSPERMUM
TOP SPRINGSTAR MANGO

- **Warm mango-yellow daisies with subtly contrasting centers—large, open blooms deliver early-season color stability**
- **Starts flowering early in spring and continues through summer.**

OSTEOSPERMUM
TOP SPRINGSTAR ORANGE

- **Glowing orange daisies with contrasting dark centers—typical of this lively cultivar**
- **Compact mounded habit, perfect for containers, borders, or mass plantings**

OSTEOSPERMUM
TOP SPRINGSTAR PINK IMPR 22302

- **Soft pink, daisy-like flowers—some images show a deeper eye, others a quilled central rosette—typical of improved pink selections from the Springstar/Serenity series**

OSTEOSPERMUM
TOP SPRINGSTAR PURPLE

- **Displays vibrant purple or lavender-purple daisy flowers with a bold, usually contrasting center—often described as "spider" or spoon-shaped petals in some forms**

OSTEOSPERMUM
TOP SPRINGSTAR RADIANT ORANGE

- **Showcases radiant orange daisy blooms featuring a darker eye, often with a yellow halo toward the center —late spring to autumn**

OSTEOSPERMUM ECKLONIS
TOP SPRINGSTAR CHILLI

- **Fiery red to orange daisy-like blooms**
- **Compact, bushy growth habit**
- **Long flowering season**
- **Heat and sun tolerant**

OSTEOSPERMUM
TOP SPRINGSTAR SUN

- **This cultivar features radiantly warm flower heads with glowing yellow-to-orange petals and a contrasting deep eye—reminiscent of a sunrise. It's a striking addition to any full-sun garden**

OSTEOSPERMUM
TOP SPRINGSTAR SUNFIRE 22304

- **Bold orange blooms with warm, sunset hues and a dark central "eye" that typifies the Sunfire series—great for brightening sunny spaces.**

OSTEOSPERMUM
TOP SPRINGSTAR WHITE

- **Pure white, daisy-like flowers with darker central disks—often steel-blue or deep brown. They bloom cleanly and open wide in cooler light**

OSTEOSPERMUM
TOP STARELLA SANGRIA (OST 21045)

- **Showcases intense deep red to sangria-colored petals surrounding a contrasting dark central eye — radiant and elegant in full sun**
- **Produces blooms steadily through spring and summer**

OSTEOSPERMUM ECKLONIS
TOP SPRINGSTAR WHITE 2027

- **Pure white daisy-like blooms with clean center**
- **Compact, bushy growth habit**
- **Long flowering season**
- **Excellent for sunny beds, borders & pots**

OSTEOSPERMUM ECKLONIS
424 CHIANTI PRESERIE

- **Deep purple-red daisy-like blooms**
- **Contrasting dark central eye**
- **Compact, bushy growth habit**
- **Long flowering season in full sun**

OSTEOSPERMUM ECKLONIS
SUMMERSMILE VIOLET 23 700 02

- **Rich violet-purple daisy-like blooms**
- **Compact, well-branched growth habit**
- **Long, continuous flowering season**
- **Heat and sun tolerant**

PELARGONIUM GRANDIFLORUM
PELGR 110/20

- **Large, showy regal-style blooms (purple/pink tones)**
- **Upright, bushy growth habit**
- **Slightly ruffled petals with rich color contrast**
- **Best in pots, patios & protected garden spots**

PELARGONIUM ZONALE
PAC BELINDA

- **Bright pink clustered flower heads**
- **Compact, well-branched growth habit**
- **Strong continuous blooming**
- **Heat tolerant and ideal for containers & beds**

PELARGONIUM
PAC ANGELEYES CASSIS

- **Elegant single flowers in deep burgundy (cassis) with white-edged petals, forming a dramatic bicolor effect**
- **Leaf Traits: Classic bright green geranium foliage.**

PELARGONIUM
PAC ANGELEYES PINK

- **Soft pink flowers with a darker pink center, elegantly framed with white edges—creating a delicate, viola-like appearance**
- **Classified as early-flowering with medium growth vigor and upright to slightly mounding habit**

PELARGONIUM
PAC ANGELEYES RANDY

- **Semi-trailing clusters of single, burgundy-centered flowers edged in crisp white—producing a striking "pansy-face" look**

PELARGONIUM
TOP RED ROXY (PELCRI 2/20)

- **Lavish deep red, semi-double to fully double blooms that form large, dense flower clusters—dramatic and attention-grabbing.**

PELARGONIUM
TOP ROXY

- **Produces striking bicolor blossoms in shades ranging from pink to red, often accented with a delicate white edge—bright and eye-catching**

PELARGONIUM
PAC ARISTO CANDY

- **Features pure to pale-pink blossoms edged crisply in white—delicate single blooms in compact clusters**
- **Blooms early from spring, continuing into autumn with prolific flowering**

PELARGONIUM
PG MANDARIN

- **Displaying cheerful bright orange to red-orange single or slightly doubled flowers.**
- **Dark green, slightly scalloped leaves with a decorative erose margin**

PELARGONIUM
TOP CHAPLIN IMPROVED

- **Typically boasts two-toned flowers—often rich pink to purple centers with paler or white outer petals—forming large**
- **Upright, compact, and well-branched**

PELARGONIUM
TOP CHIARA

- **Produces clusters of soft pink blooms—with white edges on petals and a subtle darker pink throat**
- **Compact and mounded**

PELARGONIUM
TOP FLAMENCO

- **Displays clusters of fiery red–orange blossoms that practically blanket the foliage**
- **Blooms prolifically from spring through autumn**

PELARGONIUM
TOP GIOIA

- **Deep Pink to Magenta centers – bold and vibrant, often with veining or darker blotches near the throat of the petal.**
- **Blooms in spring,**

PELARGONIUM
TOP GIULIA IMPROVED

- **Soft to medium pink petals, sometimes merging to white edges in certain lighting.**
- **Often with a deeper pink or magenta throat or center**

PELARGONIUM
TOP MAX

- **Most likely features vibrant magenta-pink or red blooms**
- **Compact, bushy mound**

PELARGONIUM
TOP MELANIE

- **Rich coral-red to semi-double star-shaped blossoms, bursting in generous clusters**
- **Classic zonal habit—lush green, slightly scalloped leaves**

PELARGONIUM
TOP ROSI

- **Radiant salmon pink to salmon-red flowers, often softly bi-colored with darker central blotches or eyes**
- **Typically single to semi-double blooms**

PELARGONIUM
TOP SWISS

- **bright red to coral-red blooms, beautifully displayed atop compact, bushy plants**
- **The blooms are typically single to semi-double**

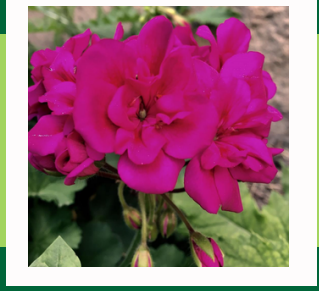

PELARGONIUM ZONALE
PAC BELINDA

- **Bright pink clustered blooms**
- **Compact, bushy growth habit**
- **Long and continuous flowering**
- **Excellent for pots, beds & borders**

PELARGONIUM ZONALE
ML GUIDO

- **Bright red clustered flower heads**
- **Compact, well-branched growth habit**
- **Strong, continuous flowering**
- **Ideal for pots, beds & sunny borders**

PELARGONIUM ZONALE
417 GRAN GALA MAGENTA DARK

- **Deep magenta-pink to dark purple-red clusters**
- **Compact, strong branching habit**
- **Heavy and continuous flowering**
- **Excellent for pots, beds & borders**

PELARGONIUM PELTATUM
ROY BLUE

- **Trailing blue-violet flower clusters**
- **Cascading, ivy-like growth habit**
- **Ideal for hanging baskets & containers**
- **Long and continuous flowering**

PELARGONIUM ZONALE
PELZO 66/22 (TYP BERRY)

- **Rich berry-pink to magenta flower clusters**
- **Compact, strong branching habit**
- **Continuous and heavy blooming**
- **Ideal for pots, beds & sunny borders**

PELARGONIUM ZONALE
PELZO 23782 (TYP BERRY)

- **Deep berry-magenta flower clusters**
- **Compact, well-branched growth habit**
- **Strong continuous flowering**
- **Ideal for pots, beds & sunny borders**

PELARGONIUM ZONALE
PELZO 25613 (TYP WHITE)

- **Pure white clustered flower heads**
- **Compact, bushy growth habit**
- **Strong and continuous blooming**
- **Excellent for pots, beds & borders**

PELARGONIUM ZONALE
PELZO 25617 (TYP FANTASTIC)

- **Bright vivid pink-red flower clusters**
- **Compact, well-branched growth habit**
- **Heavy, continuous blooming**
- **Ideal for pots, beds & sunny borders**

PENSTEMON HYBRIDA
HARLEQUIN LILAC

- **Soft lilac-purple tubular flowers**
- **Upright spikes with elegant blooms**
- **Long flowering season**
- **Attracts bees and pollinators**

PENSTEMON HYBRIDA
HARLEQUIN VIOLET

- **Deep violet-purple tubular flowers**
- **Upright flowering spikes**
- **Long blooming period**
- **Highly attractive to bees & pollinators**

PELARGONIUM
TOP VICKY

- **Salmon-pink flowers featuring deep burgundy blotches or "eye" at the center, creating a striking contrast against lighter petals**
- **Evergreen, bushy habit with dark-green scalloped leaves**

PELARGONIUM
TOP VIOLETTA

- **Rich violet-purple blooms, often featuring a deeper magenta eye at the flower's throat—vibrant and elegant atop its foliage**
- **Typically single to semi-double flowers**

PELIN
TOP CHAMPION FIRE RED

- **Displays vivid fire-red, fully double blooms**
- **Forms a cohesive, trailing/mounding habit**
- **Flowers continuously from mid-March to November**

PELIN
TOP CHAMPION FLAMINGO

- **brilliant double or semi-double blooms in vivid shocking pink to light-red tones**

PELIN
TOP CHAMPION LILA IMPR

- **Beautiful double magenta-lilac blooms with a delicate white eye —large, mophead-style clusters that make a striking display**

PELIN

TOP CHAMPION MAGIC VIOLET

- **Double blooms in an intense rich lilac-violet, often with a lighter or white eye—providing a striking mophead effect**
- **Blooms prolifically from spring through autumn**

PELIN

TOP CHAMPION MANDARIN

- **Cascading double blooms in intense orange-red hues with a clean white eye, offering a splash of tropical brightness**
- **A vigorous, trailing mound of glossy green foliage and vibrant flowers**

PELIN

TOP CHAMPION FIRE RED

- **Intense, fire-red double blooms that form dense mophead clusters—perfect for dramatic container or balcony displays**
- **Blooms continuously from mid-March to November**

PELIN

TOP CHAMPION NEON

- **Produces abundant raspberry-pink to neon magenta double blooms in lush mophead clusters—pure brightness for summer displays**
- **Blooms continuously from mid-March to November**

PELIN

TOP CHAMPION RED

- **Produces bright red double blooms in lush mophead clusters that remain vibrant from spring until fall**
- **Offers continuous blooming from mid-March to November**

PELIN

TOP CHAMPION SALMON

- **Double blooms in a warm salmon-pink, closely grouped in mophead-style clusters—radiant and eye-catching in baskets or containers**
- **Blooms Continuously from mid-March through November**

PELPE

BLANCHE ROCHE

- **Displays abundant pure white to very pale pink double blossoms, each with slender petals clustered into round umbels for a full, elegant effect.**

PELPE

MEXIKANERIN=ROULETTA

- **Semi-double blooms with crisp white centers and bold cherry-red or carmine-red edges and stripes on the petals**

PELPE

PAC BECKY

- **offers rich red, semi-double blooms in tight clusters—bright and cheery, perfect for baskets or window boxes**

PELPE

PAC HAPPY FACE DARK RED

- **Displays single, deep dark red blooms**
- **Flowers from May through frost, offering long-lasting color**

PELPE
PAC HAPPY FACE PURPLE

- **Displays single blooms in shades of lilac-amethyst, clustered in refreshing sprinkles of color—perfect for baskets or patio planters**
- **Blooms from June to November in temperate climates**

PELPE
PAC HAPPY FACE WHITE

- **Features pure white single blooms—crisp and clean—clustered in slight umbels that cascade elegantly in baskets or window boxes**

PELPE
PAC KITTY

- **Semi-double blooms in a lovely light amethyst/lilac shade, forming dense clusters that create a soft, romantic pop of color**

PELPE
PAC MEXICA AMY

- **Velvety violet-pink flowers with distinctive white stripes or cream tones, forming large, semi-double pom-pom clusters that create a dramatic, eye-catching effect**

PELPE
PAC MEXICA RUBY

- **Semi-double blossoms combining bright ruby-red petals with crisp white striping, creating a striking, striped pom-pom effect**

PELPE
PAC ROCKY

- **Neon hot-pink, semi-double blossoms—vibrant and eye-catching in clusters**
- **Flowers early in the season, typically from May through September**

PELPE
PAC RUBY

- **Vibrant semi-double ruby-red blossoms, forming lush clusters that create a rich and eye-catching display**
- **Flowers from early to mid-summer through autumn**

PELPE
PAC VICKY

- **Features double coral-pink "rose-like" clusters, producing full rose-shaped**
- **blooms early and continues prolifically into autumn**

PELPE
TOP ALLEGRIA MEX

- **Produces double semi-pompon blooms in vivid red-pink hues, rising above glossy, ivy-like leaves**

PELPE
TOP ALLEGRIA AMETHYST

- **Features vivid medium to deep violet-purple (amethyst) blooms, usually semi-double with multiple petals per flower cluster**

PELPE

TOP ALLEGRIA BIANCA

- **Features large umbels of pure white, semi-double to double blossoms, creating a crisp, clean display in hanging baskets and containers**

PELPE

TOP ALLEGRIA FUOCO

- **Features vivid dark-red, semi-double pompom blooms, creating a lush, fiery display above glossy ivy-style foliage**

PELPE

TOP ALLEGRIA HOT PINK

- **Produces vibrant hot-pink, semi-double pom-pom blooms, forming lush, round flower clusters**
- **Provides continuous blooms from spring through autumn**

PELPE

TOP ALLEGRIA LIGHT ROSE

- **Features double rose-pink blooms—soft, elegant, and full—forming lush pom-pom clusters that contrast beautifully against its glossy ivy foliage**

PELPE

TOP ALLEGRIA ROSA

- **Produces double rose-pink pom-pom blooms that are lush and neatly clustered, floating above glossy ivy foliage**

PELPE
TOP ALLEGRIA SINGLE NEON

- **Vivid shocking pink blossoms in single umbels**
- **Cascading, trailing ivy habit**

PELPE
TOP ALLEGRIA SINGLE PINKY

- **single-layer petals in a clear, bright pink tone.**
- **Trailing ivy-leaved geraniums are compact**

PELPE
TOP ALLEGRIA SINGLE RED

- **Bright scarlet-red single blooms in umbrella-like clusters**

PELPE
TOP ALLEGRIA VELVET RED

- **Deep red, plush flowers that form vivid clusters**
- **Trailing ivy habit, cascading gracefully**

PELPG
MRS. POLLOCK

- **The leaves are vividly variegated with a central patch of brick red, surrounded by sage-green and edged in golden yellow**

PELPG

PAC CHOCOLATE APRICOT

- **Thick, dark chocolate-brown leaves edged in bright green offer a dramatic, decorative backdrop for the flowers**
- **Tropically adapted to spring–autumn flowering**

PELPG

PAC CHOCOLATE FIRE

- **Produces scarlet to bright red semi-double blooms early in the season and continuously through spring into fall**
- **Features dark green leaves with a prominent brown-chocolate zonation**

PELPG

PAC CHOCOLATE PINK

- **Flower clusters are vivid pink, semi-double to single in form, typically blooming early and maintaining color throughout the season .**

PELPG

VANCOUVER CENTENNIAL

- **Compact clusters of star-shaped scarlet to orange-red flowers bloom upright above the foliage from late spring into autumn**

PELPG

WILHELM LAGGUTH

- **Produces bright cherry-red flower clusters atop the foliage, offering a vivid contrast throughout the growing season**
- **The leaves are soft grey-green with creamy white margins, creating a velvety appearance**

PELPP
BALCON IMPERIAL

- **Features clusters of single, bright red flowers**
- **Glossy, ivy-like leaves that support the bright flowers and add evergreen structure to the plant .**

PELPP
BALCON LILA

- **Single, narrow-lobed blooms in a bright lilac-pink shade, forming clusters on flexible stems**
- **profuse flowering occurs from May to November in mild climates**

PELPP
DECORA BICOLOR

- **Soft pink petals with bright white centers or throat, creating a delightful contrast**
- **Glossy, ivy-shaped green leaves that provide an elegant backdrop to the blossoms.**

PELPP
DECORA DARK PINK

- **Displays vivid dark-pink, single-layer blooms in abundant umbels**
- **A trailing ivy-leaved geranium**

PELPP
DECORA IMPERIAL

- **Bright single, red-orange to vivid red flowers borne in cascading umbels**
- **Trailing habit, with flexible stems that spill beautifully**

PELPP
DECORA LILA

- **Produces single-layer, lilac-pink flowers arranged in loose umbels,**
- **blooms from May through September or even into autumn in frost-free climates .**

PELPP
DECORA ROSA

- **Displays large single rose-pink blossoms in cascading umbels**
- **The series is known for prolific flowering**

PELPP
MINI BALCON

- **Produces vivid single red flowers with narrow petals**
- **Enjoys a long display from May through autumn**

PELPP
PAC EVKA

- **Produces single scarlet-red blooms in airy umbels**
- **Distinctive cream-and-green variegated leaves add charm even when not blooming**

PELPP
TOP BALCON ALASKA

- **Produces clusters of pure white, single flowers**
- **Trailing, semi-pendulous plant with flexible stems**

PELPP
VILLE DE PARIS BICOLOR

- **Features single, bi-coloured blossoms—typically pink with striking white accents**
- **The plant forms a graceful trailing cascade**

PELPP
VILLE DE PARIS DARK PINK

- **Displays single, dark rose-pink blossoms**
- **Profuse flowering typically occurs from May through September**

PELPP
VILLE DE PARIS ROSA

- **Single, rosy-pink blooms**
- **Glossy dark-green foliage provides excellent contrast, even when not in bloom.**

PELZO
PAC ANTHONY

- **Features semi-double, bright scarlet-red flowers**
- **Sets flower early in the season and continues robustly through late spring into autumn**

PELZO
PAC CALAIS

- **Soft salmon-pink blooms with a subtle lighter edge—semi-double and elegantly ruffled**

PELZO
PAC DAZZLING PINK

- **Displays clusters of shocking pink, semi-double flowers**
- **Blooms very early and continually through the growing season**

PELZO
PAC ELLEN

- **Striking vivid violet-magenta blooms**
- **Semi-double to full clusters that open early and blossom profusely .**

PELZO
PAC EMILIA

- **Delicate white-pink semi-double blooms, forming large**
- **Early-season flowering, continuing well into autumn under favorable conditions**

PELZO
PAC FIREWORKS PINK

- **Sports single, star-shaped bright pink flowers—each petal ending in a pointed tip**
- **Blooms in upright clusters that sit atop lush green foliage**

PELZO
PAC FIREWORKS RED WHITE

- **Distinctive star-shaped petals, bright red with prominent white tips or centers**
- **Bloom clusters appear early and continue profusely through spring, summer, and into autumn**

PELZO
PAC FIREWORKS SCARLET

- **Star-shaped, single scarlet-red blooms with sharply pointed petals that resemble little fireworks—striking and unique**

PELZO
PAC FLOWER FAIRY BERRY

- **Deep magenta-berry blooms featuring a darker center**
- **Early flowering and season-long bloom, thriving from spring into autumn**

PELZO
PAC FLOWER FAIRY PINK

- **Lovely rose-pink blossoms with a pronounced darker "eye" at the center**
- **Starts flowering early and continues into autumn**

PELZO
PAC FLOWER FAIRY RED SPLASH

- **Semi-double blooms that are bright red with a light or white-centered "splash", giving a striking two-tone effect**

PELZO
PAC FLOWER FAIRY VELVET

- **Rich velvety red blossoms with a pink edge and central "eye," semi-double**
- **Blooms early in the season and continues through spring, summer, and into autumn, with excellent heat tolerance**

PELZO

PAC FLOWER FAIRY WHITE SPLASH

- **Gorgeous two-tone blooms—white petals accented with a prominent deep pink splash or "eye" at the center**
- **Early bloomer with extended flowering from spring through autumn**

PELZO

PAC FOXY

- **Produces large, dense clusters (“caps”) of rich raspberry-red to magenta semi-double flowers**
- **Classic dark-green zonal leaves**

PELZO

PAC MARENA

- **Semi-double clusters in rich cherry to hot-pink tones. Early to bloom and produce tight, striking flower heads**
- **Classic dark-green zonal leaves**

PELZO

PAC MORNING SUN

- **Bright orange, semi-double flower clusters that open early in the season, making it an eye-catching addition to summer containers and beds**

PELZO

PAC MOSAIC RED

- **Semi-double umbels in bright red with white mosaic striping, giving a showy bi-color effect**
- **Early flowering variety; delivers abundant blooms from May through September/October .**

PELZO
PAC MOSAIC VIOLET

- **Semi-double umbels featuring a striking violet-purple base with white mosaic variegation**
- **Classified as an early blooming variety; flowering from May through September**

PELZO
PAC NEONA

- **bright neon-purple, semi-double blooms in dense umbels**
- **dark-green zonal leaves**

PELZO
PAC ROSITA

- **Vibrant medium-pink, semi-double rosebud-shaped flowers, tightly clustered in umbels**
- **Dark green zonal leaves, lush and robust**

PELZO
PAC SALMON QUEEN

- **Semi-double umbels in soft salmon-pink with a subtle white margin**
- **Blooms very early in the season and continues flower production through summer**

PELZO
PAC SAMARA

- **Beautiful velvet-red, semi-double blooms in tight umbels**
- **Dark green zonal leaves, thick and attractive,**

PELZO
PAC SHOCKING VIOLET

- **Rich violet-purple, semi-double umbels that open very early in the season**
- **Classic dark-green zonal leaves**

PELZO
PAC SIGNAL

- **Intense scarlet-red, semi-double umbels that bloom very early**
- **Classic dark-green zonal leaves, providing a lush backdrop to the vibrant flowers**

PELZO
PAC SPANISH WINE ROSE

- **Semi-double clusters in rose-pink with a pale centre and rim**
- **Dark-green zonal leaves, thick and healthy**

PELZO
PAC VICTOR IMPROVED

- **Produces striking velvet-red, semi-double blooms**
- **Features lush green zonal leaves**

PELZO
TOP CONTE RUBINO

- **Produces clusters of deep carmine-ruby red flowers, blooming abundantly from May through October**
- **Classic dark-green zonal leaves**

PELZO
TOP DOLOMITES AMORE

- **Blooms: Large, vibrant clusters (umbels) of richly colored flowers**

PELZO
TOP DOLOMITES BERRY IMPR.
PELZO 22408

- **Upright, compact zonal pelargonium reaching 30–45 cm in height and width.**
- **Produces vibrant, full berry-colored flower umbels throughout spring and summer.**

PELZO
TOP DOLOMITES BLUE

- **Upright, compact zonal pelargonium reaching 30–45 cm in height and width.**
- **Features large umbels of vibrant blue-toned (lavender-blue) flowers.**
- **Blooms continuously from spring through summer with proper deadheading.**

PELZO
TOP DOLOMITES CLASSIC RED

- **Upright, compact zonal pelargonium with a height and spread of 30–45 cm.**
- **Bears bold, vibrant classic red flower umbels in abundance.**

PELZO
TOP DOLOMITES DEEP RED

- **Compact, upright zonal pelargonium growing 30–45 cm tall and wide.**
- **Produces rich deep red flower umbels with a velvety finish**

PELZO
TOP DOLOMITES FANTASTIC

- **Upright, compact zonal pelargonium reaching 30–45 cm in height and width.**
- **Displays striking bicolored blooms with vivid pink-magenta centers and white edges.**

PELZO
TOP DOLOMITES MYSTIC ROSE (PELZO 20317)

- **Upright, compact zonal pelargonium growing to 30–45 cm in height and width.**
- **Features elegant rose-pink flower umbels with a soft, mystic glow.**

PELZO
TOP DOLOMITES ORANGE

- **Upright, compact zonal pelargonium with a growth size of 30–45 cm tall and wide.**
- **Showcases bright orange flower umbels with excellent color saturation.**

PELZO
TOP DOLOMITES OTHELLO

- **Produces dark, dramatic red-maroon flower umbels with velvety texture.**
- **Blooms consistently from spring to late summer when deadheaded regularly.**

PELZO
TOP DOLOMITES ROSE EYE

- **Features large umbels of soft pink flowers with a distinct deep rose-colored eye.**
- **Blooms profusely from spring to late summer when regularly deadheaded.**

PELZO
TOP DOLOMITES ROSEGLOW (PELZO 23795)

- **Bears glowing rose-pink flower umbels with a luminous, warm-toned hue.**
- **Flowers steadily from spring through summer with consistent deadheading.**

PELZO
TOP DOLOMITES SALMON

- **Produces large umbels of soft salmon-colored flowers with a warm, peachy tone.**
- **Blooms continuously from spring to late summer when regularly deadheaded.**

PELZO
TOP DOLOMITES SHOCKING

- **Displays intense shocking pink flower umbels with bold, eye-catching color.**
- **Blooms continuously from spring to summer with regular deadheading.**

PELZO
TOP DOLOMITES WHITE

- **Upright, compact zonal pelargonium reaching 30–45 cm in height and width.**
- **Produces pure white flower umbels with a clean, bright appearance.**

PELZO
TOP EVIVA FRANCESCO

- **Features vibrant red flower umbels with a luminous, slightly glossy finish.**
- **Blooms steadily from spring to summer when regularly deadheaded.**

PELZO
TOP EVIVA GIOTTO

- **Produces bright pink flower umbels with a soft rose hue and excellent uniformity.**
- **Flowers continuously from spring through summer with regular deadheading.**

PELZO
TOP EVIVA LEONARDO

- **Displays intense scarlet-red flower umbels with a rich, saturated tone.**
- **Blooms profusely from spring through summer when regularly deadheaded.**

PELZO
TOP EVIVA LOREN

- **Upright, compact zonal pelargonium growing 30–45 cm tall and wide.**
- **Produces soft pink flower umbels with a subtle, elegant tone.**

PELZO
TOP EVIVA PIZ BLANC

- **Produces crisp pure white flower umbels with a clean, luminous finish.**
- **Blooms steadily from spring through summer with consistent deadheading.**

PELZO
TOP EVIVA ROSANNA

- **Produces large, soft rose-pink flower umbels with a refined, elegant look.**
- **Thrives in full sun and tolerates partial shade during high heat.**

PELZO

TOP FUERTE DEL FUEGO (PELZO 19402)

- **Vivid fiery-red clusters that stand out dramatically.**
- **Compact, mounded, and well-branched**
- **Height & Spread: ~30–40 cm (12–16 in)**

PENNISETUM

ALOPECUROIDES HAMELN

- **Soft Pinkish-Brush like flowers**
- **Bright green foliage that turn yellow**
- **Compact low mound form**
- **Season: Summer**

PENNISETUM

LITTLE BUNNY

- **Forms a compact, dense clump of narrow green blades topped by creamy-white, bottle-brush flower spikes resembling bunny tails. Foliage turns golden in fall and remains ornamental into winter**

PENNISETUM

SETACEUM RUBRUM

- **Bottle brush red flowers that change to tan**
- **Deep burgundy purple leaves**
- **Upright clump form**
- **Season: Summer**

PENSTEMON

CHA CHA CHERRY

- **Color:Red flowers**
- **Leaf color: Green foliage**
- **Growth Habit:Upright**
- **Flowering time:July -October**

PENSTEMON HYBRIDA
DARK TOWERS

- **Tall spikes of pale pink to lavender tubular flowers**
- **Striking dark burgundy-purple foliage**
- **Upright, architectural growth habit**
- **Excellent for borders and pollinator gardens**

PENSTEMON HYBRIDA
WHITE BEDDER

- **Clean pure white tubular flowers**
- **Upright flowering spikes**
- **Long blooming season**
- **Excellent for borders & pollinator gardens**

PERICALLIS
SENETTI PINK BICOLOR

- **Eye-catching pink & purple bicolor daisy-like blooms**
- **Compact, mounded growth habit**
- **Very free-flowering in cool seasons**
- **Excellent for pots, patios & spring displays**

PEPER
SUNRISE

- **heart-leaf Peperomia is prized for its stunning foliage—silvery-green on top with bold pink to red undersides and stems, forming tight rosettes ideal for tabletops or small spaces**

PEPER
CAPERATA

- **Compact houseplant with deeply corrugated, heart-shaped leaves—usually dark green, though some cultivars display burgundy or silver tones**

PEPER
CLUSIIFOLIA VAR

- **Variegated, fleshy, glossy leaves:**
- **Central green area**
- **Cream or yellow margins**
- **Outer leaf edges tinged pink to red**

PEPER
OBTUSIFOLIA GREEN

- **Compact, upright shrub with thick, glossy, spoon-shaped dark green leaves**
- **Average indoor humidity fine; moderate (40–70%) is ideal**

PEPER
OBTUSIFOLIA MARBLE

- **Thick, glossy, variegated leaves with a striking marbled pattern of green and creamy-white**
- **Prefers 18–27°C (65–80°F); keep above 15°C**

PEPER
OBTUSIFOLIA VAR

- **Glossy, thick, oval leaves—bright green centers with creamy-white to yellow margins.**
- **Prefers bright, indirect light; tolerates medium light—direct sun may scorch leaves**

PEPER
ORBA PIXIE LIME

- **Compact clumping habit with succulent-like, bright lime-green to subtly variegated leaves.**
- **Prefers bright, indirect light; tolerates medium light but avoids direct sun**

PEROVSKIA ATRIPLICIFOLIA BLUE SPIRE

- **Color:blue violet flowers**
- **Leaf color: Grey green foliage**
- **Flowering time:Summer , Autumn**

PERICALLIS SENETTI KOBALT BLUE

- **Rich cobalt blue daisy-like blooms with bright centers**
- **Compact, bushy growth habit**
- **Very floriferous in cool weather**
- **Ideal for pots, patios & spring displays**

PERSICARIA AMPLEXICAULIS AMPL. BLACKFIELD

- **Striking deep crimson-red flower spikes**
- **Long flowering season from summer into autumn**
- **Upright, clump-forming growth habit**
- **Excellent for borders and pollinator gardens**

PERSICARIA AMPLEXICAULIS FAMINGO FEATHERS

- **Elegant soft pink flower spikes**
- **Long flowering season from summer to autumn**
- **Upright, clump-forming growth habit**
- **Excellent for borders and pollinator-friendly gardens**

PERSICARIA AMPLEXICAULIS INDIAN SUMMER

- **Vibrant rose-red flower spikes**
- **Exceptionally long flowering season**
- **Upright, clump-forming habit**
- **Excellent for borders, cottage gardens & pollinator gardens**

PERSICARIA AMPLEXICAULIS JS CALIENTE

- **Intense scarlet-red flower spikes**
- **Long flowering season from summer into autumn**
- **Upright, clump-forming growth habit**
- **Excellent for borders and pollinator gardens**

PERSICARIA AMPLEXICAULIS VIR.LANCE CORPORAL

- **Deep red flower spikes**
- **Attractive foliage marked with dark chevron patterns**
- **Upright, clump-forming growth habit**
- **Long flowering season and excellent pollinator plant**

PETUNIA X ATKINSIANA BEAUTICAL BORDEAUX

- **Rich bordeaux burgundy-purple blooms**
- **Vigorous, semi-trailing growth habit**
- **Excellent weather and heat tolerance**
- **Continuous flowering throughout the season**

PETUNIA X ATKINSIANA BEAUTICAL CARAMEL YELLOW

- **Unique soft caramel-yellow blooms**
- **Vigorous, semi-trailing growth habit**
- **Excellent heat and weather tolerance**
- **Continuous flowering all season long**

PETUNIA X ATKINSIANA BEAUTICAL CINNAMON

- **Unique warm cinnamon-bronze to rosy-pink blooms**
- **Vigorous, semi-trailing growth habit**
- **Excellent heat and weather tolerance**
- **Continuous flowering throughout the growing season**

PETUNIA X ATKINSIANA
TOP-TUNIA YELLOW RED

- **Striking yellow blooms with rich red accents or bicolor patterning**
- **Vigorous, well-branched growth habit**
- **Continuous, heavy flowering throughout the season**
- **Excellent for hanging baskets, containers, borders & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA BLUE

- **Rich blue-violet trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Exceptional flowering from spring until frost**
- **Excellent weather tolerance and ideal for hanging baskets, containers & window boxes**

PETUNIA X ATKINSIANA
SURFINIA BLUE VEIN

- **Soft lavender-blue blooms with darker blue veining**
- **Vigorous trailing and cascading growth habit**
- **Prolific flowering from spring until frost**
- **Excellent for hanging baskets, window boxes & containers**

PETUNIA X ATKINSIANA
SURFINIA BURGUNDY YELLOW PICOTEE

- **Unique burgundy blooms with a yellow throat and picotee edging**
- **Vigorous trailing and cascading growth habit**
- **Profuse flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & mixed landscape displays**

PETUNIA X ATKINSIANA
SURFINIA DARK YELLOW MORN

- **Rich golden-yellow blooms with a darker yellow throat (morning eye)**
- **Vigorous trailing and cascading growth habit**
- **Abundant flowering from spring until frost**
- **Excellent for hanging baskets, containers, window boxes & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA DEEP RED

- **Rich deep crimson-red trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Continuous, prolific flowering from spring until frost**
- **Excellent for hanging baskets, containers, window boxes & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA GIANT BLUE

- **Large deep blue to violet-blue trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Exceptional flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA GIANT PURPLE

- **Large rich purple trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Continuous, abundant flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA HEAVENLY BLUE

- **Soft sky blue to lavender-blue trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Heavy flowering from spring until frost**
- **Ideal for hanging baskets, containers, window boxes & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA HOT PINK

- **Vibrant hot pink trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Exceptional flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA IMPULZE WHITE

- **Pure bright white trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Continuous, abundant flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA LAGOON BLUE STAR

- **Striking blue-violet blooms with a white star pattern**
- **Vigorous trailing and cascading growth habit**
- **Profuse flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA PURPLE

- **Rich deep purple trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Continuous, abundant flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA SKY BLUE

- **Soft sky blue to lavender-blue trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Continuous, abundant flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA SUMO ROSE

- **Large rose-pink trumpet-shaped blooms**
- **Extra-vigorous trailing and cascading growth habit**
- **Heavy flowering from spring until frost**
- **Ideal for large hanging baskets, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA SWEET PINK

- **Soft pastel pink trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Continuous, abundant flowering from spring until frost**
- **Excellent for hanging baskets, containers, window boxes & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA TABLE WHITE

- **Elegant pure white trumpet-shaped blooms**
- **Compact to moderately trailing and cascading growth habit**
- **Profuse flowering from spring until frost**
- **Perfect for hanging baskets, window boxes, containers & patio displays**

PETUNIA X ATKINSIANA
SURFINIA TRAILING BIG PINK

- **Large bright pink trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Heavy, continuous flowering from spring until frost**
- **Ideal for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA
SURFINIA TRAILING BIG RED

- **Large vibrant red trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Heavy, continuous flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PETUNIA X ATKINSIANA

SURFINIA TRAILING VIOLET

- **Rich violet-purple trumpet-shaped blooms**
- **Vigorous trailing and cascading growth habit**
- **Continuous, abundant flowering from spring until frost**
- **Excellent for hanging baskets, window boxes, containers & landscape displays**

PHILA

PEARLS OF PERFUME

- **A compact, reblooming mock orange (Philadelphus lewisii × coronarius)**
- **Features large, fully double, snow-white flowers with a gorgeous citrus fragrance, blooming repeatedly from spring through summer**

PHILA

PETITE PERFUME PINK

- **True pink blossoms — the first ever Philadelphus with naturally pink, fully double flowers. Buds open deep pink, then fade to soft blush-pink with deeper pink**
- **Powerful fragrance — sweet orange-blossom scent lasting up to six weeks in early summer**

PHILA

PETITE PERFUME WHITE

- **Hundreds of pure white, single mock-orange blooms with yellow stamens, blooming profusely for ~6 weeks in late spring to summer**

PHILE

OXYCARDIUM BRAZIL

- **Trailing vine with glossy, heart-shaped leaves splashed with chartreuse/yellow variegation—evocative of the Brazilian flag**

PHILE
OXYCARDIUM GREEN

- **Elegant trailing/climbing vine with glossy, pure green heart-shaped leaves, ideal for hanging baskets or as a climbing accent**

PHILE
XANADU GOLDEN

- **Large, glossy chartreuse-gold leaves divided into multiple lobes (typically 15–20), developing more pronounced edges as they mature**

PHLOX
(S) AMAZING GRACE

- **Evergreen, needle-like dark green foliage forms a low mat or cushion 4–6″ tall, spreading to about 12–18″ wide**

PHLOX
(S) CANDY STRIPES

- **Color:Pink-white stripped flowers**
- **Leaf Color.Dark green leaves**
- **Growth Habit:mat forming**
- **Flowering time:Summer , Autumn**

PHLOX
(S) EMERALD CUSHION BLUE

- **Color:Pale lavender blue flowers**
- **Leaf Color.Dark green leaves**
- **Growth Habit:Low mound**
- **Flowering time:Summer , Autumn**

PHLOX
(S) FORTHILL

- **Deep rosy-pink, star-shaped blossoms with a darker eye, typically blooming in late spring lasting 3–4 weeks**

PHLOX
(S) G.F. WILSON

- **Color:Blueflowers**
- **Leaf Color :green leaves**
- **Growth Habit:Spreading**
- **Flowering time:Late spring-Summer , Autumn**

PHLOX
(S) KELSEYI ROSETTE

- **Color:lilac pink flowers**
- **Leaf Color :green leaves**
- **Growth Habit:Spreading**
- **Flowering time:Late spring-Summer , Autumn**

PHLOX
(S) MAISCHNEE

- **Color:whiteflowers**
- **Leaf Color.Dark green leaves**
- **Growth Habit:mt forming**
- **Flowering time:Late spring-Summer , Autumn**

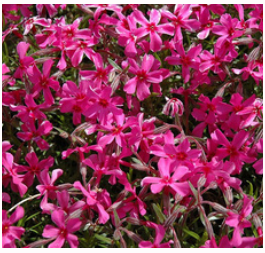

PHLOX
(S) MCDANIELS CUSHION

- **Color:pink flowers**
- **Leaf Color.Dark green leaves**
- **Growth Habit:Mat forming**
- **Flowering time:Summer , Autumn**

PHLOX
(S) MORHEIMII

- **Dark green, elongated, almost needle-like, hairy leaves.**
- **Light pink to lilac-pink, fragrant, star-shaped, often solitary flowers**
- **Flowering period April, May, June**

PHLOX
(S) SCARLET FLAME

- **Color:Scarlet Red flowers**
- **Leaf Color :Dark green leaves**
- **Growth Habit:Mat forming**
- **Flowering time:Late spring-Summer , Autumn**

PHLOX
DOUGLASII OCHSENBLUT

- **Compact**
- **mat-forming**
- **evergreen perennial**
- **stiff, narrowly lance-shaped, dark green leaves**
- **salverform, deep crimson flowers**

PHLOX
DOUGLASII RED ADMIRAL

- **Color:Deep crimson flowers**
- **Leaf Color : green leaves**
- **Growth Habit:Mat forming**
- **Flowering time:Late spring-Summer , Autumn**

PHLOX
DOUGLASII WHITE ADMIRAL

- **mound or cushion of evergreen needle-like leaves.**
- **tiny flowers in late spring.**
- **very compact.**
- **starry white flowers, each with a tiny yellow eye**

PHLOX
PURPLE BEAUTY

- **Blanket of medium-lilac to purple star-shaped flowers, each blooming over a dark green cushion in mid to late spring**

PHYGELLUS
CANDYDROPS CREAM

- **tall flower stems sprouting clusters of 2" long dangling trumpets.**
- **Compact**
- **Flower Colors include Cream, Deep Rose, Red and Tangerine**

PHYGELLUS
CANDYDROPS DEEP ROSE

- **Foliage: dark green**
- **Bloom: rich rose-pink**
- **deer resistant**
- **attracts butterflies**
- **attracts hummingbirds**
- **compact & early-flowering**

PHYGELLUS
CANDYDROPS RED

- **Scarlet red, tubular flowers**
- **slightly glossy foliage**
- **coral-pink flowers**
- **hardy shrub**

PHYGELLUS
CANDYDROPS TANGERINE

- **Foliage: dark green**
- **Bloom Time: spring – fall**
- **Bloom: light orange**
- **deer resistant**
- **compact & early-flowering**

PILEA
MICROPHYLLA

- **Dense mats of tiny, bright lime-green, succulent-like leaves (~1.5–6 mm long) creating a delicate, fern-like carpet**

PILEA
PEPEROMIOIDES

- **Upright, clumping habit with glossy, circular (peltate) leaves measuring 7–10 cm in diameter**

PLECTRANTHUS
COLEOIDES

- **Dark green leaves accented with a bright white edge**
- **Adaptable As Houseplant**
- **Flower Shade:Purple**
- **Foliage Shade: Variegated**
- **Habit: Mounded**
- **Foliage Colors:Green**

PLUMBAGO
AURI. DARK BLUE

- **An upright climbing shrub**
- **stunng blue flowers with darker blue stripes**
- **oval leaves emerge light green in spring, turning dark green in color the rest of the year**

PLUMBAGO
AURI. WHITE

- **Evergreen**
- **Prune hard after flowering**
- **Colour: White**

PLUMN
SILVER SCIMITAR

- **Arching, silver-green, strap-shaped leaves with softly wavy edges—forms a dramatic, low mound about 8" tall × 22" wide**

POLEM
HURRICANE RIDGE

- **Light lilac-blue blooms with distinctive yellow stamens, appearing mid-summer**

PORTC
AFRA

- **A small, succulent shrub or soft-wooded tree from South Africa, often used indoors or in frost-free landscapes**

PORTC
AFRA VARIEGATA

- **Tiny, opposite succulent leaves in shades of green with broad cream to white edges—new growth and stems often sporting reddish tones**

PHLOX PANICULATA
PHLOX S21-046

- **Dense clusters of showy, fragrant blooms (flower color may vary as this is a breeding selection)**
- **Upright, clump-forming growth habit**
- **Long flowering season from mid to late summer**
- **Excellent for borders, cottage gardens & pollinator-friendly landscapes**

PORTULACA UMBRATICOLATA KOKORITA RED

- **Brilliant scarlet-red, rose-like blooms**
- **Compact, spreading and well-branched growth habit**
- **Excellent heat and drought tolerance**
- **Continuous flowering in full sun; ideal for baskets, containers, borders & ground cover**

PORTULACA UMBRATICOLATA KOKORITA WHITE

- **Pure white, rose-like double blooms**
- **Compact, spreading and well-branched growth habit**
- **Outstanding heat and drought tolerance**
- **Continuous flowering in full sun; perfect for baskets, containers, borders & ground cover**

PORTULACA UMBRATICOLATA KOKORITA YELLOW

- **Bright golden-yellow, rose-like double blooms**
- **Compact, spreading and well-branched growth habit**
- **Excellent heat and drought tolerance**
- **Continuous flowering in full sun; ideal for baskets, containers, borders & ground cover**

PORTULACA UMBRATICOLATA GOP. EXP WILDFIRE

- **Vibrant fiery orange-red blooms**
- **Compact, spreading and well-branched growth habit**
- **Excellent heat and drought tolerance**
- **Free-flowering in full sun; ideal for baskets, containers, borders & ground cover**

PORTULACA UMBRATICOLATA GP. COMPACT PURPLE

- **Rich deep purple to violet, rose-like blooms**
- **Compact, low-growing and well-branched habit**
- **Excellent heat and drought tolerance**
- **Continuous flowering in full sun; ideal for containers, borders, rock gardens & ground cover**

PORTULACA UMBRATICOLATA GP. STELLA MARINA

- **Elegant star-shaped blooms in soft pink to rose tones (selection color may vary slightly)**
- **Compact, low-growing and well-branched habit**
- **Exceptional heat and drought tolerance**
- **Continuous flowering in full sun; perfect for hanging baskets, containers, borders, rock gardens & ground cover**

ROSE EVERGLOW RUBY

- **A compact floribunda/polyantha rose with bold ruby-red single flowers, each featuring a distinctive star-shaped center that shifts from creamy yellow → pure white as they age**

ROSMARINUS LAVANDULACEUS CAPRI

- **Small**
- **Compact**
- **Broadly growing**
- **Weeping**
- **Slow growing evergreen shrub.**
- **Narrow lanceolate leathery grey green leaves**

ROSMARINUS OFFICINALLIS

- **Compact**
- **Strongly aromatic.**
- **Foliage: Evergreen**
- **Semi Trailing**
- **Twinning foliage-Blue flowers**

ROSE STAKE IT EASY

- **Rich velvety red flowers in clusters, with pointed buds that open into cup-shaped blooms. Fading petals maintain red tones and reveal a soft pink reverse**

ROSE

WILD E FREAKY

- **Clusters of semi-double, creamy-white blossoms each topped with eye-catching golden-yellow centers—creating an overall soft, glowing floral appearance**

RUDBECKIA

LITTLE CLUB

- **Bright golden-yellow daisy-like blooms with a dark chocolate-brown center**
- **Compact, well-branched growth habit**
- **Long flowering season from summer into autumn**
- **Excellent for borders, patio containers, mass planting & pollinator gardens**

SALVIA X JAMENSIS

PW VISIONAL PINK 2026

- **Soft bright pink tubular blooms**
- **Compact, bushy and well-branched growth habit**
- **Long flowering season from late spring until autumn**
- **Highly attractive to bees, butterflies & hummingbirds; ideal for borders, containers & pollinator gardens**

SALVIA X JAMENSIS

PW VISIONAL PURPLE 2026

- **Rich purple tubular blooms**
- **Compact, bushy and well-branched growth habit**
- **Long flowering season from late spring until autumn**
- **Highly attractive to bees, butterflies & hummingbirds; excellent for borders, containers & pollinator gardens**

SALVIA

FEATHERS FLAMINGO

- **A dwarf, bushy perennial sage bred for its striking floral texture and color**
- **Delicate lilac-pink to soft pink tubular blossoms emerge from contrasting deeper-pink bracts—creating an airy, plume-like appearance**

SALVIA
FEATHERS PEACOCK

- **Features large upright flower spikes in purple-blue tones, filled with burgundy calyces, atop deeply cut, aromatic foliage.**

SALVIA
NEMOROSA AMETHYST

- **Rich lavender-pink spikes with reddish-violet blooms and purple calyces & bracts**

SALVIA
LNEMOROSA CARADONNA

- **Violet-blue spikes bloom early to mid-summer and often rebloom after trimming**

SALVIA
NEMOROSA MAYNIGHT

- **Deep violet-blue spikes—award-winning display**
- **Early to mid-summer; often reblooms after deadheading**

SALVIA
NEMOROSA OSTFREISLAND

- **Densely packed violet-purple spikes with contrasting pink bracts**
- **Upright, bushy habit on purple-tinged stems with aromatic, lance-shaped leaves**

SALVIA
VERTICILLATA PURPLE RAIN

- **Color: Purple**
- **Leaf Color: mound of large-Green leaves**
- **Easy to grow**

SALVIA
X SYLVESTRIS RUGEN

- **Color: Purple blue Flowers**
- **Small twiggy leaves**
- **Easy to grow**
- **Flowering Time: Late Spring-Autumn**

SALVO
BERGGARTEN

- **Foliage: Broad, oval, deeply aromatic leaves up to 4″ long, with a dense, silvery-gray texture .**
- **Growth Habit: Forms tidy rounded mounds about 30–60 cm tall and 45–60 cm wide; typically gains a slight purple tinge in full sun .**

SALVO
ICTERINA

- **beautiful, easy-care sage with standout variegated foliage and subtle summer blooms. Perfect for herb gardens, ornamental borders, containers, or mixed beds.**

SALVO
NPURPURASCENS

- **A semi-evergreen, woody perennial with reddish-purple young foliage that matures to gray-green. In summer, it bears spikes of pale purple-blue flowers beloved by pollinators**

SALVO
TRICOLOR

- **Evergreen or semi-evergreen leaves boldly splashed with cream, green centers, pink or purple flushes—especially vivid on new growth**

SANTOLINA
CHAMAECYPARISSUS

- **Color: Bright yellow Flowers**
- **Leaf Color:Silvery grey**
- **Flowering Time: Summer**

SANTOLINA
LEMON FIZZ

- **Color: yellow Flowers**
- **Growth Habit:Rounded Bushes**
- **Leaf Color:Silver**
- **Flowering Time:Summer**

SANTOLINA
ROSMARINIFOLIA VIRENS

- **Color: yellow Flowers**
- **Growth Habit:Thick spreading mound**
- **Leaf Color:green**
- **Flowering Time :Summer**

SANVI
WFL MEZCAL

- **Type: A compact, hardy ornamental salvia hybrid**
- **Foliage: Attractive mid-green leaves—typical salvia texture**

SALVIA X JAMENSIS
PW VISIONAL WINE RED 2026

- **Rich wine-red tubular blooms**
- **Compact, bushy and well-branched growth habit**
- **Long flowering season from late spring until autumn**
- **Excellent for borders, containers & pollinator gardens; highly attractive to bees, butterflies & hummingbirds**

SALVIA NEMEROSA
SALV 24001

- **Upright violet-purple flower spikes (breeding selection; flower color may vary slightly)**
- **Compact, clump-forming growth habit**
- **Long flowering season with excellent rebloom potential**
- **Highly attractive to bees, butterflies & other pollinators; ideal for borders, cottage gardens & containers**

SAXIFRAGA ARENDSII
SO SAXY RED

- **Brilliant bright red, star-shaped blooms**
- **Compact, cushion-forming growth habit**
- **Early spring flowering with abundant blooms**
- **Excellent for rock gardens, alpine beds, borders & containers**

SCAEVOLA AEMULA
MNP STARDIVA PINK STAR

- **Distinctive pink fan-shaped flowers with a white star pattern**
- **Compact, trailing and well-branched growth habit**
- **Continuous flowering from late spring through autumn**
- **Heat tolerant and excellent for hanging baskets, containers, window boxes & ground cover**

SCAEVOLA AEMULA
MNP STARDIVA PINK STAR

- **Beautiful pink fan-shaped flowers with a white star pattern**
- **Compact, trailing and well-branched growth habit**
- **Free-flowering from late spring until autumn**
- **Heat and drought tolerant; perfect for hanging baskets, containers, window boxes & ground cover**

SCAEVOLA AEMULA
MNP STARDIVA WHITE STAR

- **Elegant pure white fan-shaped flowers with a delicate star-like appearance**
- **Compact, trailing and well-branched growth habit**
- **Continuous flowering from late spring until autumn**
- **Heat and drought tolerant; ideal for hanging baskets, containers, window boxes & ground cover**

SCABIOSA
COLUMBARIA BAROCCA

- **Flower:Dark-Purple flowers**
- **Growth Habit: Low Growing**
- **Leaf Color:green**
- **Flowering Time :Summer-spring**

SCABIOSA
BUTTERFLY BLUE

- **Color: Blue**
- **Leaf Color: Mid green leaves**
- **Easy to grow**

SCABIOSA
COLUMBARIA PINK MIST

- **Color: Pink**
- **Leaf Color: fern basal leaves**
- **Flowering Time :Early Summer**

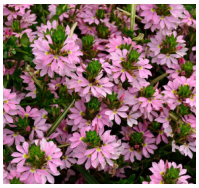

SCAEVOLA
MNP STARDIVA BLUE

- **Evergreen perennial (in mild areas) or tender annual/rope plant.**
- **Thrives in full sun to light shade; bright and fragrant foliage forms best with sun**

SCAEVOLA
MNP SURDIVA BLUE VIOLET

- **Fan-shaped violet-blue blooms appear densely over neat, semi-trailing foliage from late spring through frost**

SCAEVOLA
MNP SURDIVA CLASSIC PINK

- **Soft classic pink fan-shaped blooms that densely carpet the plant from spring through frost**

SCAEVOLA
MNP SURDIVA WHITE IMPROVED

- **A compact, semi-trailing annual (or tender perennial in frost-free zones) valued for its pure white, fan-shaped blooms that blanket neat foliage from spring until first frost—no deadheading needed**

SCAEVOLA
WFL SCALORA FANCY SAPHIRA

- **Vivid violet-blue, fan-shaped blooms covering strong, sprawling plants; affectionately dubbed "heat-proof blue" for its resilience to summer heat and drought**

SCAEVOLA AEMULA
WFL SCALORA FANCY SAPHIRA

- **Rich deep purple fan-shaped flowers**
- **Compact, trailing and well-branched growth habit**
- **Continuous flowering from late spring until autumn**

SCAEVOLA AEMULA
MNP SURDIVA LILAC

- **Delicate lilac fan-shaped flowers**
- **Compact, trailing and well-branched growth habit**
- **Continuous flowering from late spring until autumn**
- **Excellent heat and drought tolerance; perfect for hanging baskets, containers, window boxes & ground cover**

SCAEVOLA

SCALORA TOPAZ PINK IMPROVED

- **Color: Pink**
- **Leaf color:Dark-Green**
- **Growth Habit:Mid-Spreading**
- **Flowering Time: Spring to Late Summer**

SCAEVOLA

SCALORA TOP POT BLUE

- **Color: Blue-violet**
- **Leaf color:Green**
- **Growth Habit:Spreading**
- **Flowering Time: Spring, Summer Autumn**

SCAEVOLA

SCALORA TOP POT WHITE

- **Color: White**
- **Leaf color:Green**
- **Growth Habit:Trailing**
- **Flowering Time: Early Spring-Fall**

SEDUM

ATLANTIS

- **green leaves with cream-coloured edges**
- **pink flower buds**
- **cherry red leaf buds and yellow flowers in summer**

SEDUM

AUTUMN JOY

- **Color: Pink**
- **Leaf Color:green**
- **Flowering Time:Early summer Autumn**

SPATH.CAPE BLANCO

- **Yellow flowers**
- **Leaf Color:Grey**
- **Growth habit: Ground Cover**
- **Flowering time: Summer**

SEDUM
SPATH. PURPUREUM

- **White flowers**
- **Leaf Color: Reddish Purple**
- **Growth habit: Mat-forming**
- **Flowering time: Summer**

SEDUM HYBRIDA THUNDERHEAD

- **Large dusty rose to deep pink flower heads that mature to rusty-red**
- **Attractive blue-green succulent foliage with sturdy upright stems**
- **Excellent drought and heat tolerance**
- **A favorite of bees and butterflies; ideal for borders, rock gardens & containers**

SEDUM SUNSPARKLER DAZZLEBERRY

- **Leaves are smoky blue-gray to blue-purple, providing year-round interest and intensifying color as the season progresses**

SEDUM SUNSPARKLER DAZZLEBERRY

- **standout sedum with vibrant, season-long foliage, low care demands, and a knack for attracting pollinators. It's perfect for sunny, dry spots needing color and groundcover.**

SENECIO CANDICANS ANGEL BABY

- **Soft, silvery-white velvety foliage with a compact, rounded habit**
- **Grown primarily for its striking ornamental leaves**
- **Excellent heat, drought and coastal tolerance once established**
- **Perfect for containers, borders, rock gardens & mixed landscape plantings**

SENECIO CANDICANS ANGEL HEART

- **Large silvery-white, velvety heart-shaped foliage**
- **Compact, mounded growth habit with striking texture**
- **Excellent heat, drought and coastal tolerance once established**

SEDUM
SUNSPARKLER LIME TWISTER

- **Features variegated, chartreuse-green leaves edged with creamy yellow—cream margins may blush red in cooler spring and fall temperatures**

SEDUM
SUNSPARKLER LIME ZINGER

- **Forms a compact mound approximately 4–6 in (10–15 cm) tall, spreading 12–18 in (30–45 cm) across. Leaves are succulent, lime-green with cherry-red edging.**

SEDUM
SUNSPARKLER PLUM DAZZLED

- **raspberry coloured flowers**
- **plum coloured foliage**
- **compact, creeping habit**

SEDUM
X BERTRAM ANDERSON

- **Lovely mounds of dusky purple foliage topped with clusters of mauve-pink star-shaped flowers.**

SEMPE
BIG DADDY

- **Deep purple to smoky plum succulent leaves, forming a compact mound 30–60 cm tall and wide.**

SEMPE
BRONCO

- **Green leaves edged and tipped in deep red or purple, with tones shifting through seasons – bronze to vivid red in cold weather**

SEMPE
COMPTE DE CONGAE

- **Rosettes ~5–6" wide, growing in tight, artichoke-like clusters.**
- **Foliage shifts through the seasons: pastel bronze-green in spring, violet-burgundy in summer, with silvery undertones and red-edged offsets**

SEMPE
JOKE

- **Tight rosettes ~3–6″ (8–15 cm) across, vibrant green with reddish —especially on leaf tips—coloration that intensifies in sun or cold**

SENECIO
ANGELWINGS

- **Silver downy leaves.**
- **Silky,soft,bouncy**
- **Flowers in summer**

SENECIO
SEA PEARLS

- **Bead-like leaves: Small, spherical succulents that resemble strings of green pearls, each ~4–7 mm in diameter**

SENECIO
SERPENS BLUE CHALKSTICKS

- **Compact mounds around 6–12 in (15–30 cm) tall, spreading 1–3 ft (30–90 cm) wide into dense mats**

SUTER
EPIC WHITE

- **Masses of bright white, five-petaled blooms with yellow centers, ideal for continuous colour throughout spring and summer**

SUTER
SNOWFLAKE

- **Continuous display of small, white, five-petaled blooms with yellow centers—flowing from spring to frost**

SYMPHYTUM GRANDIFLORUM
GRAND. WHISLEY BLUE

- **Graceful violet-blue, bell-shaped flowers in drooping clusters**
- **Attractive lush green foliage forming a dense groundcover**
- **Early to mid-spring flowering**
- **Excellent for woodland gardens, shaded borders & pollinator-friendly landscapes**

TRIFOLIUM REPENS
ERIKA

- **Attractive white pompon-like flower heads**
- **Dense, low-growing green foliage forming an excellent ground cover**
- **Long flowering period from late spring through summer**

THYMUS
CAPITATUS

- **Pink flower**
- **Grey-green leaves**
- **easy to grow**

THYMUS
X CITRODORUS MYSTIC LEMON

- **Pink flower**
- **Grey-green leaves**
- **Easy to grow**

THYMUS
VULGARIS FREDO

- **Pink flower**
- **Grey-green leaves**
- **Easy to grow.**

THYMUS
PRAECOX PURPLE BEAUTY

- **Tiny, aromatic leaves that are dark green, aging to rich purple hues in autumn/when exposed to sun**

THYMUS

- **Growth Habit:Mounded form**
- **Easy to grow.**
- **Season: Early Summer-Fall**

TULBA
GREEN BLUE

- **Elegant clumps of narrow, grassy, gray-green leaves forming tidy mounds about 30–50 cm tall and 23–30 cm wide.**

TULBA
SILVER LACE

- **Features graceful, grass-like leaves with striking cream-white variegation ('silver lace' effect), forming neat clumps about 25–30 cm tall and wide**

VERBENA
VOODOO™ BURGUNDY STAR

- **Focal blooms: Striking deep burgundy–red flowers streaked with crisp white star patterns—resembling firework bursts—borne in dense pom-pom clusters**

VERBENA
VOODOO™LAVENDER STAR

- **features eye-catching lavender blooms accented with crisp white starburst patterns. It carries the same mildew resistance and prolific blooming habits as its Estrella parents**

VERONICA
BUBBLEGUM CANDLES

- **Long, upright spikes of rich bubblegum-pink flowers, densely packed on sturdy stems.**
- **Glossy deep green, toothed foliage forming neat, compact mounds**

VERBENA BONARIENSIS
PW METEOR SHOWER

- **Long, upright spikes of rich bubblegum-pink flowers, densely packed on sturdy stems.**
- **Glossy deep green, toothed foliage forming neat, compact mounds**

VERBENA BONARIENSIS
PW CLOUD

- **Soft light lavender to pale purple flower clusters**
- **Tall, airy and see-through branching habit**
- **Long flowering period from summer until frost**
- **Excellent for borders, meadow-style gardens & pollinator support (bees & butterflies)**

VERONICA
SNOW CANDLES

- **ompact, clump-forming perennial notable for its slender, candle-like spikes of pure white flowers above glossy green foliage**
