Savanna Flowers is a reliable supplier for cutting and young plants. We have a wide range of species that we grow at our farm in Africa located close to the equator at lake Naivasha at an altitude of 1900m. This Catalogue showcases our Bedding, perennials and herbs assortment. You can visit our website to make an order.

The company goal is to supply high quality, hygiene and disease free cuttings and rooted young plants to customers all over the world. An experienced and well trained team of mainly local managers and employees will be happy to supply and serve you.

Unrooted cuttings, rooted cuttings and boxes
Savanna Flowers produces rooted and unrooted cuttings and young plants. These are the basic requirements for our clients and we thus strive to remain simple but able to satisfy your basic needs.

UNROOTED CUTTINGS

The unrooted cuttings are harvested in units of 100 pieces/harvesting bag and depending on the variety packed 2.000 - 10.000 cuttings per box. They are packed with ice packs and/or ethylene blocker sachets.

ROOTED CUTTINGS

Depending on the crop we offer both the 20mm cm and the 16mm Plug. The 20mm Plug is packed in a 204 hole tray/box while the 16mm Plug is packed in a 285 hole tray/box.

Depending on the size of the young plants there are 2 - 6 trays per shipping box.

Rooted Pelargoniums are packed in a small paper box with 200 young plants in a box and 6 small boxes in a shipping box (1200 per Box).
